VOLUME 98—NUMBER 44

DEFINITE DATE TO
RETURN SHANTUNG
ASKED OF JAPANHonolulu Paper Learns
America Sends Note to
Tokio Government.WASHINGTON OFFICIALS
SILENT ON QUESTIONRefuse to Make Comment
Though Report Is Gen-
erally Believed.

Honolulu, Sept. 16.—The United States has asked the Japanese government to fix a definite date for the return of Kiaoo Chau to China, according to cable advices received here today by the Nippon Jiji, a Japanese daily newspaper. The cable added that the Japanese government had not answered the communication.

Washington, Sept. 16.—Officials here, in the absence of President Wilson and Secretary Lansing, will not comment upon the report that the United States has asked Japan to set a definite date for the return of Kiaoo Chau to China. The general impression in official circles is that the report is well founded. Japan's answer to such a request by the government would have an important bearing on the senate's consideration of the peace treaty as one of the objections to it on which opposition is being centered in the Shantung provision. Administration supporters of the treaty feel that a definite announcement by Japan setting a date for the return of Kiaoo Chau would go far to remove that point.

Various Japanese officials have stated that Kiaoo Chau would be returned but a time never was set.

FIREMEN SHOW
OFF NEW TRUCKOut-of-Town Visitors Here
To See Demonstration of
New Fire Fighting Equip-
ment.

The Central fire station and patrol station are daily decorated with flags and bunting in honor of the visiting chiefs and safety directors who are present in the city witnessing the demonstration of the city's fire fighting apparatus which is taking place in South Fourth street this afternoon.

The big pumping engine was demonstrated this afternoon and the aerial truck will be demonstrated later, several of the firemen climbing the ladders to the top rungs.

Ned Rose will jump from the roof of the Stron-Beggs building into a life saving net and will be caught by the firemen. Numerous lines of hose will then be laid by the different trucks from all departments, who will also show the visitors just how quick they can respond to the alarm of 57, which was struck at 3 o'clock.

This evening a reception will be held for the visitors at Central station and all citizens are invited. George H. Hamilton, City Solicitor H. C. Ashcraft and H. F. Moninger will deliver short addresses and punch and wafers will be served by the young ladies of the service department.

FIRE ON BANDITS

Toledo, Sept. 16.—Alex Toth, a farmer living near here, last night opened fire from a second story window of his home on the city council last evening. He cut the telephone wires and demanded admittance to the house. After a bullet had narrowly missed him, Toth replied with a shotgun. The men fled and later found a hat, with blood stains, near the house. Near the hat was a revolver and an iron bar.

COUNCILMEN BALK WHEN MAYOR
URGES THEM TO FILE AFFIDAVITSKick on Illegal Sale of Liquor But Do Not Accept Mayor's
Challenge to Prosecute If Charges Are Filed—Subject
Excites Warm Debate.

Work on the long delayed subways will start soon, perhaps, that is if the statement attributed to Chief Engineer Dittmer of the B. & O. railway can be relied upon. The matter was brought up in the city council last evening by Councilman Phil Baker of the Third ward after he had stated that complaints were being made on account of citizens and all traffic being held up at the railroad crossings.

City Solicitor H. C. Ashcraft then stated that he had a conference with the chief engineer some days ago and that official informed him that they had made arrangements to borrow the money and would proceed with the work, which would be started late this fall or early in the spring without fail.

Then Councilmen Newkirk, Riggs, Keys and Knauber "pulled" the old political stunt which had been heard hours in advance and which was done with the ostensible purpose of endeavoring to place the administration in a bad light before the public. They knew the law was being flagrantly violated and that liquor was being sold openly in many places in Newark, in fact so eager were the thirsty that they were buying three drinks at a time, according to Councilman Riggs. Gambling was going on and the city and patrons were being crowded out of business places to make room for the poker and crap shooters.

Then Councilman Knauber stated that one near beer resort had sold 1,500 bottles of pure beer in one day for the proprietor told him so. Next

JOINS RANKS OF
BRITISH VISITORS

Lady Hamilton.

Lady Hamilton, canopy bearer to Queen Mary of Great Britain and one of the society leaders in London, will come to the United States this fall, it is said. She is expected to arrive about the time the Prince of Wales pays his visit to the U. S.

TELLS COMMITTEE
OF MEX. CRUELTYWoman Recently Returned
From Mexico Advises
Against Intervention—
Says Majority of Mexi-
cans Want Help.

Washington, Sept. 16.—With a number of persons subpoenaed and awaiting to be heard further angles of the Mexican situation were expected to be laid today before the senate foreign relations sub-committee investigating relations between this country and Mexico.

The sub-committee last night held its first night session and heard its first woman witness. Because of the desire of members of the sub-committee to attend senate sessions at which the peace treaty is discussed night hearings probably will be held frequently.

Miss Agnes Laut, who recently returned from Mexico, in advising against intervention in Mexico, laid before the committee last night a solution of the Mexican problem which she characterized as "the beneficent pacification of Mexico." In corroboration of her assertion that widespread corruption had infected on Mexico "nine years of crucifixion" and that "95 percent of the population is looking for help," Miss Laut described several of the brutalities of which she knew. She told the committee of two girls who had been clubbed to death and of two American women who were carried into the mountains.

MOTHER GOES TO AID
OF ERRING DAUGHTER

Toledo, Sept. 16.—Police here have been informed that Mrs. Mary Proudfoot, owner of the Arlington hotel at Wheeling, W. Va., and a member of a prominent family of this state, is the mother of Mrs. Blanche Morgan, also known as Sadie Adams, who was arrested here in connection with the theft of \$25,000 worth of furnishings from the "New Idea" shop.

It is reported that Mrs. Proudfoot will come to Toledo to help in the defense of her daughter, who was arrested when it is alleged, she attempted to elude a truck containing the loot.

Mrs. Morgan was released on \$5,000 bail supplied by A. E. Wells.

TEXAS COAST IS
SWEEPED BY STORM
MANY ARE KILLEDCorpus Christi Suffers
Heavy Property Loss
From Wind and TideCITIZENS FLEE FROM WATER
FRONT SECTION ON SUNDAYBusiness District is Sub-
merged By Tidal Wave
Eight Feet High.

Corpus Christi, Texas, Sept. 16.—The death toll in Sunday's storm will reach between 75 and 100 in Corpus Christi and surrounding towns along the coast, according to an estimate today by Dr. W. E. Willis, city health physician.

Three women who sought refuge from the storm in the federal building Sunday night became mothers while the hurricane was at its height. They were attended by physicians who were among the hundred or so people who sought safety there. Reports today were that all were doing nicely at hospitals where they were removed when the storm abated.

Sinton, Texas, Sept. 16.—Seventy bodies of flood victims, mutilated beyond recognition have been recovered at Sinton, the relief headquarters for entire surrounding bay shore territory.

The count so far shows that there were forty found at West Point, twenty at Sinton, five at Port Aransas, one was killed at Sinton, but property damage was high. Bodies are being held at ranch houses and schools.

Corpus Christi, Texas, Sept. 16.—With troops patrolling the main streets and relief trains headed this way from many parts of the state, Corpus Christi today began slowly emerging from the wreckage caused by the hurricane. The wind struck the city early Sunday bringing death to an unknown number of persons and doing property damage of millions.

It was impossible this morning to get anything like a correct estimate of the fatalities. In the city proper the death list was placed by some officials at between fifteen and 25, but that was regarded by many as far too conservative. In some quarters it was said the number of injured would exceed 200.

LONDON THINKS
EXPLANATION DUEDeclares Denial of Bullitt
Statement on Peace Con-
ference Demands Explan-
ation From Some Source.

London, Sept. 16.—An authorized denial of statements made by William C. Bullitt, formerly attached to the American peace delegation, before the foreign relations committee of the United States senate, which is printed in London newspapers this morning, is attracting more notice here than Mr. Bullitt's evidence before the committee.

The opinion is given that explanations are imperatively needed.

London morning papers express in their editorial verdicts, some criticizing what they regard as Mr. Bullitt's "breach of confidence."

The Chronicle, a strong champion of Premier Lloyd George, says that Mr. Bullitt's evidence was directed against President Wilson, Secretary of State Lansing and Colonel E. M. House.

The Post in a satirical editorial bearing the caption "The Explosive Bullitt," scores both Premier Lloyd George and Mr. Bullitt. Regarding the latter it says:

"President Wilson seems to have picked the wrong person when he took this explosive journalist into the employ of the American peace mission. A journalist who is treated in this way has no business to explode. It is against the first laws of the game."

The Post also expresses the opinion that if Secretary Lansing endorses Mr. Bullitt's statement regarding the secretary's views, "it will be over with the treaty as far as the United States is concerned."

The Daily News maintains the official denial does not dispose of Mr. Bullitt's assertions and urges a suspension of judgment until the implications contained in it are put beyond a reasonable doubt.

President Wilson and members of his party did not learn of the accident until they returned to Portland.

Allen was killed when an automobile containing members of the party accompanying President Wilson on a scenic trip over the Columbia Highway near here shortly after noon today, overturned. It was the first accident of a serious nature to occur during the president's tour of the country.

James R. Patterson, Portland, Ore., driver of the automobile also was killed.

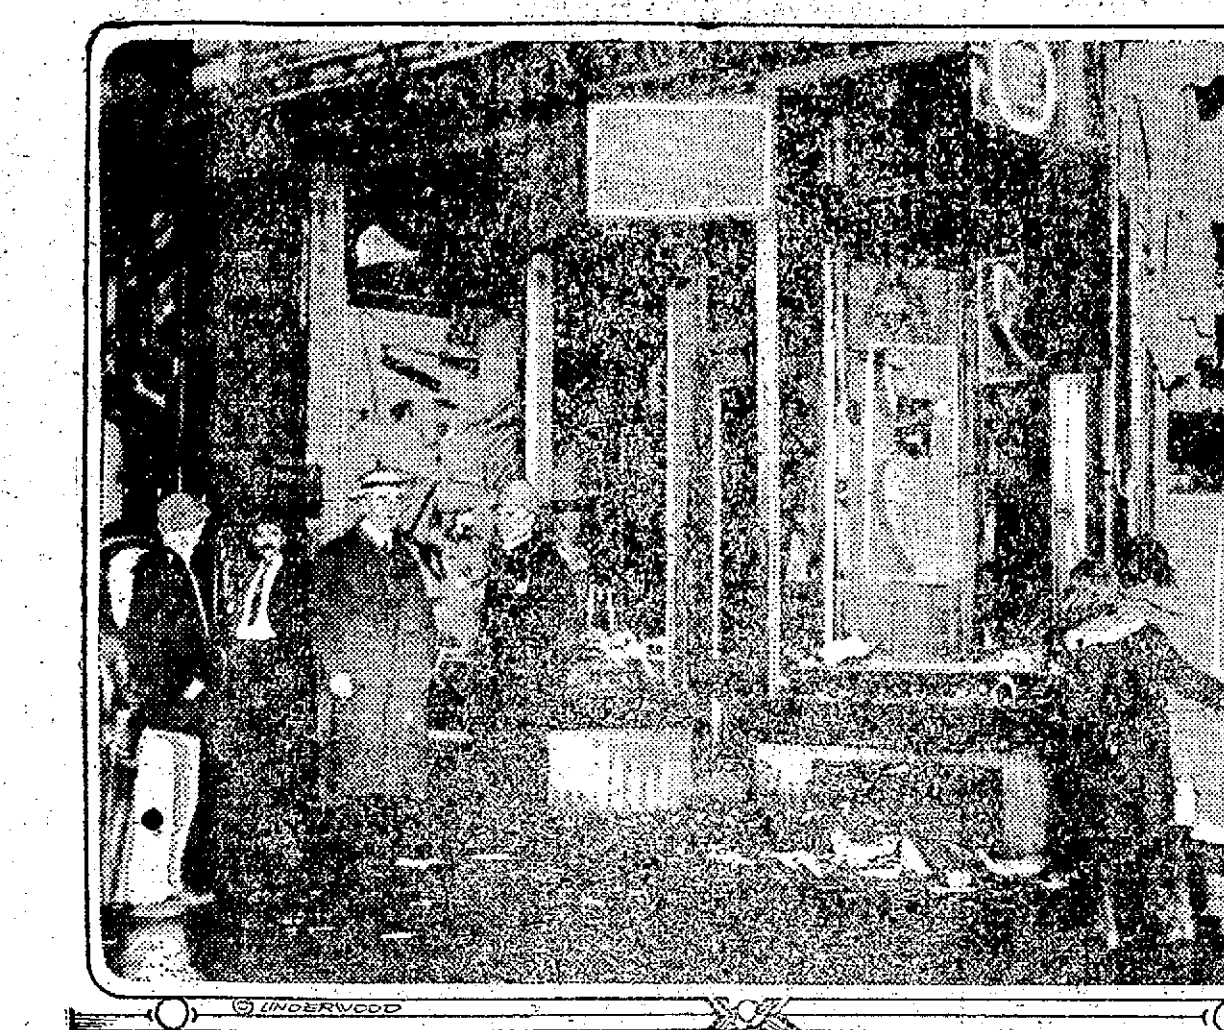

MANY EXPRESS SYMPATHY.

Cleveland, Sept. 16.—Tributes to the character of Ben F. Allen and expressions of sympathy and bereavement came last night from President Wilson, Secretary of War Baker, Governor James M. Cox, Postmaster General Burleson, Secretary of the Interior Lane, Joseph P. Tumulty and many others.

Allen had been in the employ of the Trip Dealer corporation since 1909 when he came from Oberlin college where he had been a student. He covered practically every field of local newspaper assignments before he was made Columbus correspondent and later Washington correspondent.

He was born in Hannibal, Missouri, 41 years ago. He was married ten years ago to Miss Blanch Drake, daughter of state senator Drake. He is survived by his widow and a young daughter.

HOW THIEVES LOOTED BOSTON STORES EARLY IN STRIKE

One of few loyal police on guard before stores which have been looted by thieves.

When the police of Boston went on strike recently and left that city without protection from law-breakers, thieves ransacked stores and dwellings. This photo shows

how they left the stores. A few of the police remained loyal to their trust and did what they could to halt the looters. The city was placed under martial law when the

situation got beyond the volunteer police forces and the Harvard students who offered to help keep order. The disorder has precipitated a political row.

MERGER OF AUTOMATIC AND BELL
PHONES AUTHORIZED BY STATE BOARDPublic Utilities Commission Unexpectedly Gives Immedi-
ate Decision After Hearing One Witness In Case—
Service Connection In Six Months Hollander Says.

(Special to the Advocate.)

Columbus, Sept. 16.—The Ohio Utilities Commission today authorized a merger of the two telephone companies at Newark. Under the authority of the commission the Newark Telephone company absorbs the Central Union company's exchange, leaving the Central Union property the sum of \$90,000.

The merger means that the 1100 subscribers of the Central Union will have connection with the 6,500 telephones of the Newark (Automatic) Telephone company. Of the 1100 Bell subscribers, however, 300 are already receiving service from the independent company.

The merger will give the independent company subscribers access to the long distance lines of the Bell company to points throughout America and will also give the Bell subscribers the use of all stations of the independent lines.

Only one witness was examined by the commission this morning. Charles E. Hollander, manager of the Newark Telephone company, testified to the telephone situation in Newark.

The commission's appraisal had already been made and for the first

time in the history of the commission an immediate decision was given at the conclusion of the testimony, authorizing the merger of the two exchanges. Ordinarily several months intervene between the hearing and the decision.

The City of Newark was represented by City Solicitor H. C. Ashcraft and Attorneys Frank A. Bolton and Phil E. Smythe, and the Newark Telephone company by Attorney Edward Kibler of Newark and Attorney Radcliff of Columbus. The Central Union company was represented by Mr. Malby.

The merger of the two plants, which will be effected as quickly as possible, does not solve the rate question which is now in court. The Newark Telephone company asks for a continuation of the present rate, while the city urges a reduction of the former rate established by the franchise.

The supreme court will decide the question as to whether the state commission or the city council has the right to establish telephone rates.

Manager Hollander believes that the physical connection between the two exchanges will be effected within six months.

OHIO NEWSPAPER
MAN IS KILLED;
WAS WITH WILSONBen F. Allen, Well Known
Political Writer Crushed
Under Overturned Auto-
mobile Near Portland.

Portland, Ore., Sept. 16.—Robert T. Small, the Washington correspondent of the Philadelphia Public Ledger, who was slightly injured in an automobile collision here yesterday, resumed his journey with President Wilson's party late last night. Stanley Reynolds, of the Baltimore Sun staff, whose arm was broken, remained here for medical treatment.

Definite funeral arrangements for Ben F. Allen, of the Cleveland Plain Dealer, who was killed in the collision were not announced. His associates, however, said his body would probably be sent east.

President Wilson and members of his party did not learn of the accident until they returned to Portland.

Allen was killed when an automobile containing members of the party accompanying President Wilson on a scenic trip over the Columbia Highway near here shortly after noon today, overturned. It was the first accident of a serious nature to occur during the president's tour of the country.

James R. Patterson, Portland, Ore., driver of the automobile also was killed.

MANY EXPRESS SYMPATHY.

Cleveland, Sept. 16.—Tributes to the character of Ben F. Allen and expressions of sympathy and bereavement came last night from President Wilson, Secretary of War Baker, Governor James M. Cox, Postmaster General Burleson, Secretary of the Interior Lane, Joseph P. Tumulty and many others.

Allen had been in the employ of the Trip Dealer corporation since 1909 when he came from Oberlin college where he had been a student. He covered practically every field of local newspaper assignments before he was made Columbus correspondent and later Washington correspondent.

He was born in Hannibal, Missouri, 41 years ago. He was married ten years ago to Miss Blanch Drake, daughter of state senator Drake. He is survived by his widow and a young daughter.

REGULAR ARMY BELOW
AUTHORIZED STRENGTH

Washington, Sept. 16.—The seven regular divisions, which the war department plans to maintain at full strength today comprise only 31,472 officers and men, or but little more than the strength of one division. The first division because of its scheduled parade here tomorrow has been kept as near intact as possible and now includes 17,000 men including temporary personnel, but the other six divisions average around 2,500 officers and men each.

Sept. 9, the army numbered less than one tenth of its war strength, 401,979 officers and men on the rolls. There were 46,000 in Europe, 5,500 were enroute home and the remainder were in this country.

Resignations of officers in the regular establishment continue to be filed in numbers which cause officials un-disguised concern. Since August 1, 1917 resignations have been accepted, of whom 49 percent are in the grade of first lieutenant. Better opportunities in civil life and feeling that advancement in the army will be slow in times of peace are believed to be reasons for the majority of resignations.

GOVERNMENT NITRATE
PLANT HAS BAD FIRE

Sheffield, Ala., Sept. 16.—Fire last night destroyed warehouse No. 4 of the J. G. White Engineering corporation, at Muscle Shoals, the government nitrate plant, the loss being estimated at \$2,000,000. The major portion of the loss was on electrical equipment.

O. S. U. ENROLLMENT
BREAKS ALL RECORDS

Columbus, Sept. 16.—Ohio State University opened its fall term today with a record breaking number of students enrolled. School officials estimate that 7,000 students will be in attendance at the various colleges this year. Many of the returning students were absent last year in the military and naval service.

MONROE HOME SOLD.

Winchester, Va., Sept. 16.—Oakhill estate, near Leesburg, former home of President Monroe, containing 1,500 acres and including an old orchard from which Queen Victoria of England was supplied with Albemarle plump apples, has been sold by Mrs. Henry Fairfax to Frank C. Littlejohn of New York.

ARREST FIVE MEXICANS
ON A STEALING CHARGE

Akron, Sept. 16.—In the arrest of five Mexicans and a 16 year old girl, said to have been kidnapped in Oil City Penna., a year ago by one of the members of the gang, officers believed to have broken up an outfit of bold sneak thieves who have operated for several weeks in Akron and other Ohio cities.

Mary Kulasha, 16, for whom a nation-wide search has been conducted since her disappearance from her home in Oil City one year ago was arrested in the Belmont hotel. Several hundred dollars worth of silks and many silk waists and shirts and a \$250 fur which was recently stolen from the furrier in the Portage hotel were found in her room.

The balance of the loot was found in a house at 18 Ridge street, occupied by other members of the gang.

The Mexicans under arrest have their names as Joseph Loopes, Raymond Rodgers, Louis Tono, Tony Marino and Frank Fernandez.

AIRPLANE CRASHES INTO
HOUSE; FIRE FOLLOWS

Cleveland, Sept. 16.—Two houses were destroyed by fire Monday when a government mail plane, bound for Chicago from here crashed on their roofs in an effort to make a hurried landing, caused the gasoline tank of the plane to explode. Pilot E. V. Gardner, flying the machine, escaped injury by leaping just before the crash and later started for Chicago in another plane with what mail could be rescued from the flames.

AUTOIST IS KILLED.

Youngstown, Feb. 16.—Martin McGowan, 45, was killed and two others injured, one seriously, when their automobile plunged over a 12 foot embankment here last night, pinning them under the car.

MILK WAGON DRIVER KILLED.

Anson, Sept. 16.—S. F. Schellery, 738 King street was instantly killed today when a milk wagon driven by him was struck by an Akron-Cleveland interurban car on Cuyahoga avenue.

SURVIVORS OF "FIGHTING 76TH" WILL
GATHER WEDNESDAY FOR 42D REUNION

Famous Veteran Regiment of Civil War to Hold Annual
Meeting In Newark—All-Day Program Arranged For
Entertainment of Visitors.

Survivors of the 76th regiment, Ohio Veteran Volunteer infantry, known as "The Fighting 76th" will gather again in Newark tomorrow for their 42nd annual reunion. This regiment, recruited in Licking county and commanded by Licking county officers, has been known since the war as a strictly home institution and most of the surviving veterans live in Newark or the surrounding county.

The sessions of the organization will be held in memorial hall. In the morning the business will be transacted, officers will be reported received and corrections made in the membership roll. At this session resolutions of condolence on the death of General J. R. Gibbons who died at Buxite, Ark., last June, will be adopted. General Gibbons, a Confederate soldier and one time commander of the Arkansas state Confederate Veterans, was a personal friend of nearly every veteran of the 76th regiment after his visit to Newark several years ago when the regimental banner was restored, which was captured during the civil war.

Dinner will be served to the veterans at noon in the G. A. R. hall by the members of the Women's Relief Corps.

In the afternoon a program of music and speeches will be rendered. Mayor Atherton will welcome the comrades and Davey Davis will deliver the address. Andrew Mitchell will deliver the address of the afternoon.

Following the program the survivors of the regiment will parade around the square, headed by the Old Guard and the Old Guard drum corps. The committee in charge of arrangements has invited the veterans of all wars to fall in for the parade. The bodies will form in North Second street. The line of march will take in the public square.

The program for the day follows:
First Call, 8:45 a.m., Bugler.
Assembly, 9 a.m.
Prayer, Chaplain J. V. Wilson.
Reading of the Minutes, Secretary.
Communications, Memorials and bills.
Report of treasurer for last year.
Election of officers.
Roll call of surviving members and making corrections.
Calling roll of honored dead members who have been reported since the last reunion.
Short talks by comrades.
Star Shangled Banner. Audience.
Adjournment for dinner.

Afternoon Session.
Assembly, 1:45 p.m.
Call to order, 2 p.m.
Prayer, Chaplain J. V. Wilson.
Address of Welcome, Mayor Atherton.
Reply, Comrade Davey Davis.
Song, "The End of a Perfect Day."
Miss Hamilton.
History of the Regiment, Rev. Paul E. Kemper.
Song, Miss Hamilton.
Remarks, Capt. Kidwell of Columbus.
Address, Andrew Mitchell.
Song, "Tenting on the Old Camp Ground," Miss Hamilton.
Benediction, Rev. Paul E. Kemper.
Taps.

WE MUST CHOOSE
BETWEEN EUROPE
AND OUR NATIONSenator Sherman Says
League Means Big Arm-
ies for Foreign WarsMAKES BITTER ATTACK ON
PRESIDENT AND HIS TOURSays Shantung Provision
Dismembers Ancient
and Friendly Nation.

Washington, Sept. 16.—Senator Sherman, Republican, of Illinois, attacking the League of Nations today in the senate, declared "if the league covenant were ratified as drafted American mothers will but cradle their sons to fill the muster rolls of armies to give their lives for foreign wars."

Replying to attacks by President Wilson on senators opposing the league, the Illinois senator said, "the President himself is the crowned prince of quitters without a rival in the western hemisphere," and that "his silence and speed when escaping from his imperishable principles of yesterday is as abysmal and swift as yesterday's crisis."

"We have now reached that crisis," said Senator Sherman in the course of a lengthy and spirited address, "where we must choose between exhausting ourselves to make the old world safe for some of its nations and making the United States safe for the American people."

"When we decline to ruin ourselves," he continued, "wreck our government and destroy by our cowardly and mad crusade around the world as the guardian angel and knight errant of oppressed humanity, everywhere we are (Continued on Page 2, Col. 2.)"

LEADERS TO URGE
DELAY IN STRIKEOfficials of Steel Workers'
Union Meet in Pittsburgh
To Discuss Plans for Big
Walkout.

Pittsburgh, Sept. 16.—Organizers, 50 or 60 in number, engaged in unionizing steel workers in the Pittsburgh district, met here today to consider matters coming within their jurisdiction in connection with the proposed strike called for next Monday.

According to reports at union headquarters the meeting was called to discuss plans for the strike, exchange views and make further reports of conditions at steel plants if they are called for by the national conference of the union interested in the steel industry.

Members of the national committee for organizing iron and steel workers, made up of representatives of 24 unions began arriving today for tomorrow's important meeting. The gathering is expected to decide definitely whether the walkout shall be deferred until after the industrial conference at Washington, October 6, as proposed by President Wilson. No opinion was expressed by those already on the ground as to what action will be taken, but is known influential members of the committee will urge that the strike be postponed until after the industrial conference in the hope that it will place the unions in a better position to carry on their campaign for bettering the conditions of the workers.

Samuel Gompers, President of the American Federation of Labor is a member of the committee and his word is expected to carry great weight.

Mr. Gompers is reported to be in favor of postponement if it does not bring injury to the workers. There are leaders here, it is said, that will try to convince the committee that the time for postponement has passed.

DR. SPARKS IS ASSIGNED HERE

Conference Reconsiders Plan to Send Oldest Newark Pastor Elsewhere But He May Be Transferred Later.

After preaching his farewell sermon at the close of a pastorate of 17 years, Dr. L. C. Sparks, pastor of the First M. E. Church, was again assigned to Newark, when the ministerial announcements were made at Columbus late yesterday.

Sunday the plans were said to be for Rev. Sparks to go to another charge and he announced his farewell sermons for Sunday. But controversies in the conference, Monday morning seemed to forestall a change of plans and when the announcements were made yesterday two charges were awaited with interest.

It is said two knotty problems confronted the conference, that of Rev. Sparks' return and that of Rev. W. F. W. of the Glenwood church at Columbus. It was decided Saturday to interchange the two men, but when it was announced that they would retain their pastorates the announcements were received with smiles.

It is rumored, however, that Rev. Sparks will go shortly to the Eastern Ohio conference. When asked concerning this Dr. Sparks said this morning: "That is what I am not certain about. I cannot say anything about it until I am certain." In the meantime he will again assume his duties here.

All the Newark pastors were returned. Rev. Paul E. Kemper to the Neal avenue church, and Rev. J. Emory Walters to the East Main street church. Other changes of interest to Newark people were the transfer of Rev. F. F. Crawford of Granville to the Third avenue church at Columbus. Rev. P. H. Fry, former pastor of the Newark, Neal avenue church and more recently of the Neil avenue church, Columbus, resigned to become secretary of the City Missionary society.

Among the twelve pastors placed on the retired list was T. T. Buell of Chatham.

Zanesville District.

TELLS COMMITTEE

(Continued From Page 1)

tains of Sonora and these forced to remain by their captors who shaved the soles of their feet to the quick to make simpler the task of guarding them.

An American girl from Nebraska, she said, now is somewhere in the hills the captive of Mexicans, who dragged her from her home near the Gulf coast. When the band appeared they roped her father and mother and when she, 16 years old, threw herself before the Mexicans, they declared they would kill her parents. She fainted and when revived she found herself alone in the hills with her assailants.

An English woman in the state of Zacatecas was more fortunate according to Miss Laut. In this case Miss Laut said the woman shot the bandit who was struggling with her, and then running forward fired first on one bandit and on the other, killing both, and thereby rescued her two daughters, one of whom each bandit held.

Another story she related was that of a woman whose skin was stripped from her face, the Mexican cutting from the center of the forehead circularly above the face, then tearing the covering loose.

A Kansas farmer was the victim of the Cedillo brothers in the state of San Luis Potosi. According to her, his wife and daughter had gone to Tampico, and while they were gone the Mexicans raided the place, hanged him to a tree, alternately raising and lowering him and jabbing him with bayonets. The man became insane and afterwards died. Another example of the treatment of women she cited, was the taking into the hills of more than 30 women and girls from a train the Mexicans had captured.

No attempt was made by the witness to shield the Carranza soldiers. She admitted that a fair part of the cruelties were committed by bandits but intimated that a number of the so-called bandits were in reality Mexican federal troops.

TREATY DEBATE TO GO OVER UNTIL MONDAY

Washington, Sept. 16.—Consideration of the German peace treaty in open session was resumed today by the senate. Following a long prepared address by Senator Sherman, Republican, of Illinois, attacking President Wilson and the League of Nations the plan was to postpone action on the first amendment until Monday.

Senate leaders had agreed to adjourn from today until Friday to participate in the ceremonies in honor of General Pershing.

On the question of reservation, the Democratic leaders today for the first time suggested that a dead lock might result which might have to be settled by negotiation.

These Democratic spokesmen claimed 40 or 41 Democrats solid against any reservation "mild" or "strong."

WOMAN IS KIDNAPPED.

Cleveland, Sept. 16.—Miss Mica Long, 19, and a woman and two men who kidnapped the girl yesterday, were being searched for today in Ravenna, Berea and Cleveland. The girl was kidnapped by two men who in company with the woman who had asked her to take a walk.

Mason—Civil service commission ordered by citizens of county to call for complete resolution police and firemen's union or resign.

BOY SCOUTS ADDS SCHOLARSHIP TO HIS MANY HONORS

Milton D. Lowenstein.

Milton D. Lowenstein of New York City won recently in the competition for scholarships which was made an annual affair open to boy scouts ready for college. Lowenstein was New York's first eagle scout and one of the most proficient scouts in the state. It was for this reason that Uncle Sam waived the usual requirement of two years in college to allow him to enter the army as a candidate aviator. He is also recommended for his excellent work in France, where he fought in a plane as a second lieutenant. He is the first annual winner of the scholarship which entitles him to a four years' course in the New York State College of Forestry at Syracuse.

WAR CROSS MAY BE PRESENTED TO SOLDIER HERE

American Legion Officials Try to Locate Licking County Soldier Honored By French Government.

Plans are being made for the presentation of a croix de guerre to William Jones, Company I, 168th regiment, Rainbow division at the meeting at G. A. R. hall Thursday evening at the Newark post. American Legion, the new organization of world war veterans.

The citation and medal for Jones were received by the recruiting officer in Columbus, the document and medal having been received by the war department in Washington from the French government. Jones lives on Route 3, but American legion officials here have learned that he is not at home now. An effort is being made to locate him and urge him to come to Newark for the presentation.

An impressive ceremony is being planned and if it is carried out, it will be the first time in the city's history that an honor of this character has been conferred in Newark. Newark soldiers have received war medals of various kinds but the presentation ceremony always has taken place elsewhere.

WE MUST CHOOSE

(Continued From Page 3)

denounced as quitters and poltroons by the senator from Nebraska (Mr. Hitchcock) and our executive who avows he thinks more of the league than his oath to protect the government.

Suggesting that President Wilson is inclined to seek a third term, Senator Sherman declared:

The President's second hezira from the capital is the threshold of his day. He has announced the league and treaty are greater than our government. He is ready to die for it. Never in his most exalted heights has he been ready to die for our government. A third term he puts by again and again. But each time is gentler than the other. To save the greatest document in the world's history no sacrifice will be refused. A third term on an issue of submitting our government to the league is as little as an internationalist patriot can offer to the world. Who would not hear voices in the air on such a proposal. The gravity of such a service will justify him in doing anything. The issue is joined now.

By the Sherman agreement, Senator Sherman said, "an ancient and friendly nation was to be dismembered," and because of the Fiume controversy our allies good will is to be lost.

All must pass under the yoke of his epithets who will not respond to his flight into the dim world of Wilsonian views," Senator Sherman said. Again referring to President Wilson, "and from this cavern of counterfeit moralities and cockle of scholastic gibberish come some sublime assurance to senators who refuse to abuse themselves before the tottering throne of the chief rhetorician whose metaphysical thunder no longer inspires either respect or fear. Let the swarm of satellites basking in the sunshine of patronage and sniffing the fragrant trade winds of administration favors gratify him with their anthem of inflexible perfection. The leader their hallelujahs now the more fervent the maledictions at the inevitable end."

MANUFACTURER DIES.

Cincinnati, Sept. 16.—James B. Mooney, President of the American Oak Leather company, Queen City Leather company and of the Cincinnati Cordin company and had interest in numerous other enterprises in Ohio and in Indiana died here last night. Mr. Mooney was 87 years old. His wealth is variously estimated at from \$5,000,000 to \$15,000,000.

GERMANS QUIT COAL BOARD.

Berlin, Sept. 16.—German representatives have withdrawn from the international coal commission because the principles fixed by the commission for the drafting of regulations regarding the distribution of fuel are "irreconcilable with the agreements concluded at Versailles," according to a statement issued here.

WOMAN FOOTPAD WORKS.

Youngstown, Sept. 16.—Jay Lewis reported to police today that a woman footpad held him up last night in the outskirts of the city, and robbed him of \$20.

SCOUT COUNCIL TO AWARD MEDALS

Newark Boy Scouts Who Aided in War Savings Stamp Campaign Will Be Decorated Wednesday.

The first regular monthly meeting of the Court of Honor of Newark Council, Boy Scouts of America, will be held in the main court room of the court house at 10 o'clock Wednesday.

This is the department of the Scout organization which has charge of awards of all kinds to Scouts. It is composed of a number of men, prominent in the Scout activities. The chairman being O. Barnes, superintendent of public schools.

At this meeting there will be awarded several awards, which are presented by the treasury department of the United States, to the boys for their services rendered during the War Savings Stamp campaign, also the awards of first class badge and merit badges.

The public is cordially invited to attend this meeting, and get a first hand glimpse of the Scout training being given these young Americans.

TEXAS COAST

(Continued From Page 1)

One reason for circulating today but as yet unconfirmed was that 20 bodies most of them recognized as residents of Corpus Christi had been taken from a reef near Portland on Nueces Bay upon which Corpus Christi is situated. More than 3,000 bodies were made homeless by the storm. With the coming of relief trains it was expected that by night most of those made destitute by the storm would be taken care of.

Considerable anxiety was expressed regarding the fate of the L. L. Vande Weyer, 17 persons on board which left Corpus Christi Saturday afternoon on a fishing excursion.

Fears are entertained that a heavy casualty list will be reported from surrounding towns. The heavy sea, sent tidal waves ten feet high over the business and north beach district of the city.

That the loss of life was not appalling was due to the prompt warning sent by the lower portions of the city early Sunday morning.

All day Sunday hundreds of persons carrying their most valuable personal belongings, poured out of the bay front district into the higher sections. Hundreds of homes were damaged. The tidal waves ten feet high over the business and north beach district of the city.

At the height of the tidal wave practically the entire business district was partly submerged. The water was about four feet deep in the lobby of the Nueces hotel and every business house between the bluff and the bay was under water from 8 to 10 o'clock. The work of removing the debris from the streets of the lower portion of the city, was begun Monday and hundreds of men worked without relief throughout the day.

House boats, fishing craft and wreckage of every conceivable character were piled in the streets by the waves. Nothing remains on North beach the city's bathing and pleasure district except the United States marine hospital and one large residence.

The despatch of relief to Corpus Christi followed emergency action taken last night by Governor William P. Hobby and General Joseph T. Dickman, commander of the southern department of the United States army. At the request of the governor, General Dickman ordered the transport of a train with food, medical supplies and blankets. In the meantime the governor issued a proclamation calling upon all of the citizens of the state to lend assistance to the storm sufferers. Indication early today was that the governor's appeal was meeting with a generous response.

Some relief was afforded the homeless shortly after midnight when the first train to reach the city in many hours arrived with food stuffs and other supplies from Kinrossville and Bristow. Although both of the latter were damaged by the storm to some extent, word of the more serious plight of Corpus Christi caused the citizens of these places to forget their own troubles and lend assistance.

An army rule was invoked yesterday and no one was allowed to enter the wrecked part of the city, one day's rations being allowed the customer. The city was in darkness last night and a large portion was without water and sewerage facilities. Railroads are reported to have been damaged, and only a few lines will be able to operate for days to come.

Absence of authentic reports from Aransas Pass, Port Aransas and Rockport today caused some uneasiness. Boats will be run to Portland today it was announced, in an effort to determine the extent of the damage to the causeway, railroad line and telephone equipments which pass over the reef.

ELKS GATHER FOR ANNUAL REUNION

Columbus, Sept. 16.—Elks from all corners of Ohio were here today to attend the annual state Elks' reunion this week. The meeting opens this afternoon with the reception and registration of the visitors.

Tonight there will be a cabaret entertainment at the Elks' home. The first business session will be held tomorrow morning. Tomorrow afternoon the city's visitors will be guests at the grand circuit races.

The annual parade with more than 70 Ohio lodges in line with their service bands will start at 10 o'clock. The reunion closes with an informal ball Thursday night.

WIRE BRIEFS

Washington—Military penal code will be invoked to suppress mutiny of Italian regular soldiers under D'Annunzio, according to Italian ambassador.

Jackson, Minn.—A. C. Townley, President National Non-Partisan League and Joseph Gillett, former organization manager, sentenced three months in jail.

New York—John McGraw, manager New York Giants concedes national league pennant.

Washington—House passed bill making transportation of stolen automobiles from one state to another her subject 5 years imprisonment and \$5000 fine.

Cleveland—Pay city fireman and policeman increased \$240 a year by action city council.

NUXATED IRON - MASTER STRENGTH BUILDER OF THE BLOOD

The Power Behind the Strong Sturdy Men and Healthy Beautiful Women of Today

"To make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron," says Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York and the Westchester County Hospital. Nuxated Iron by enriching the blood and creating new blood cells strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and endurance into the whole system. It often increases the strength of weak, delicate people in two weeks' time. It is estimated that over 3,000,000 people use Nuxated Iron annually as a tonic, and blood-builder.

MAKE THIS TEST YOURSELF AND FIND OUT WHERE YOUR BLOOD STANDS

See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form.

Manufacturers' Note: Nuxated Iron recommended and prescribed by physicians is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Evans Cut Rate Drug Store, Mykranitz Pharmacy and other druggists.

WARSHIPS SEARCH FOR MISSING VESSEL

Havana, Cuba, Sept. 16.—Several vessels of the Cuban navy, are searching today for the overdue Spanish ship Yulbanera, concerning the fate of which grave anxiety is felt here.

A telephone message was received here from Matanzas saying information had been received here that the Yulbanera, badly crippled, was steaming toward Havana, but was making a speed of only two miles per hour. The message did not give the vessel's location.

RECEIVER JEWETT CAR COMPANY

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting; then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!—Adv.

Try this easy way to heal your skin with **Resinol**

If you are suffering from eczema, ringworm or similar itching, red, unsightly skin affection, bathe the sore places with Resinol Soap and hot water, then gently apply a little Resinol Ointment. You will be astonished how instantly the itching stops and healing begins. In most cases the skin quickly becomes clear and healthy again, at very little cost.

Resinol Ointment and Resinol Soap are sold by all dealers in drugs and toilet goods.

CANDY WILL IMPROVE YOUR DIGESTION

When digestion can be improved and you can be helped to better health by the simple means of eating delicious pieces of mint candy, it is folly to suffer from constipation and indigestion.

Partola Tablets—"The Doctor in Candy Form"—are delightful, appetizing and tasty candy mint tablets in which are incorporated laxative qualities making them a mild, pleasant yet thoroughly effective tonic-laxative. They are the favorite of thousands of people all over the country.

They invigorate the stomach and help it to perform its task; clean the bowels and liver of all accumulated poisons and impurities; help to purify the blood and put renewed life and energy into the whole system.

Partola Tablets are the ideal candy laxative having the delicious odor and taste of after-dinner mints so much liked by everyone. They are easy to take; quick, pleasant and thorough in action and leave no weakening after-effects.

Try Partola Tablets today and see how much better, stronger and more energetic you will feel in the morning. At all drug stores. 25c, 50c and \$1.00 boxes. Trial size, 10c.

Save Your Old Furniture

Perhaps it's only the finish that has become scarred and worn. You can fix that in a "jiffy" with

Lowe Brothers VERNICOL

WAR KILLS BUSINESS OF WRITER IN GERMAN

Geneva, Aug. 20.—(By Mail).—The well-known Swiss novelist, J. C. Heer of Zurich, one of the most popular Swiss writers of German language novels, advertises in the Swiss papers that the war has killed the German novel and that he is virtually ruined. He asks Swiss newspapers for employment in writing political and literary articles or any editorial work.

LAND OWNERSHIP IS CHANGING IN ENGLAND

London, Aug. 21.—(By Mail).—The land of England is changing ownership under the operations of the land settlement bill. Large tracts are being acquired by county councils which are selling them in small holdings to persons who make annual payments for them.

Until the enactment of the measure England was the only country in Europe which denied to the smaller cultivators of the land sufficient facilities to enable them to purchase their holdings. In Germany 80 per cent of the cultivated land was owned by the men who worked it while only 12 per cent of the small agriculturalists of England owned their own farms.

Before the war the government eagerly encouraged the policy of encouraging ownership for Englishmen, Welshmen and Scotchmen, but helped Irishmen to own the ground they till. Thus far 410,000 holdings containing 13,500,000 acres have been sold to Irish farmers, leaving only about 50,000 holdings to be sold. But the English farmer is just as anxious as any to own his own farm, and under the new law he will soon do it.

GERMANS ARE ACTIVE IN SOUTH AMERICA

San Juan, P. R., Sept. 9. (By Mail).—American travelers who have recently arrived here from Venezuela reports that there is open evidence of renewed German activity in that country. Just how they have come no one seems to know but many Germans have been arriving in Venezuela during the past few months and German commercial travelers are reported particularly active. They represent all lines of industry. As one man who returned from Venezuela last week explained it: "If I want to sell clothing at \$15 a suit to the Venezuelan merchants, the German salesman has something just as good for \$12 or \$13. If I offer 90 days or six months credit the German offers six months or a year. In every line it is the same. They are offering to take orders for all classes of manufactured goods and promise prompt delivery."

EXECUTIONERS ARRESTED BY STRATEGIC METHODS

Paris, Aug. 20.—(By Mail).—Bolshevik leaders in Russia are attempting to practice strategy in order to control the lawless elements they use as official executioners of the sentences pronounced by the Soviet tribunals. One instance occurred in arrest of a sailor who had been employed in this way by Dzerzhinsky and Peters who have been described as "the terror men of Petrograd." The sailors had become obnoxious but as they were heavily armed they were not expected to submit docilely.

So they were ordered to Boutirsky jail "to execute prisoners" of the Bolsheviks. They entered the yard gaily and were marched to inner enclosures where the officers left them to fetch the condemned men.

Soon the executioners discovered that machine guns menaced them from every window and the warden ordered them to surrender. Realizing their helplessness they threw their weapons away and were marched into the jail where they made the day hideous with their threats and cries.

ITALY SEEKS SUPPLY OF COAL IN RUSSIA

Rome, Aug. 20.—(By Mail).—The Italian government is trying to obtain coal from southern Russia so as to stave off the menace of a winter without a source of heat. Two commercial commissions have been sent to the vast basin of the Donetz in southern Russia where Italian experts estimated there were untouched coal lands that would yield 57,000,000,000 tons of coal in Siberia or in parts of European Russia outside of the Donetz basin.

It is calculated that if the coal supply of southern Russia were properly exploited the territory would furnish all the coal necessary for the Mediterranean countries.

Coal for Italy is now quoted at \$5.50 at Norfolk, Va., but it costs \$30 a ton to bring it to Genoa.

300 PROFITEERS CONVICTED.
London, Aug. 15.—(By Mail).—To the present 336 profiteers have been convicted by the Stepheny Food committee and have paid fines amounting to \$20,000 while four have served terms in prison. The newspapers insist that more prison sentences are needed to bring the high price traders to their senses.

DIDN'T KNOW OF WAR.
Hounslow, Eng. Aug. 25.—(By Mail).—Though several of her relatives died in active service Miss Charlotte Friday, who has passed away at her home here at the age of 100 years and eight months, was exempt by members of her family in ignorance that there was a war.

JUST LIKE PITTSBURGH.
London, Aug. 15.—(By Mail).—The air above London is the dirtiest in all England according to the British Meteorological office which asserts that 60 tons of soot fall on every square mile of the city every year.

GREEKS WILL OWN 'EM.
London, Aug. 19.—(By Mail).—London is shortly to have bootblacking parlors on the same lines as those already established in the United States.

9-2-Tues-3t Probate Judge.

EPSOM SALTS DELICIOUS NOW

Old; nasty metallic taste gone and you think you are drinking lemonade

Instead of asking for the common Epsom Salts, ask for Epsomade Salts hereafter. You will get a big package for only 15 cents. Epsomade Salts looks and acts exactly like Epsom Salts because it is Epsom Salt combined with fruit derivatives thus making a sparkling, effervescent, lemonade-like drink for the liver and bowels. Take a tablespoonful of this delicious Salts in a glass of cold water when you feel bilious, sick, headachy or constipated and get the quick and splendid action of a dose of Epsom Salts without the horrible taste.

Epsomade Salts will replace the old Epsom Salts, Rochelle Salts, Sodium Phosphate and Cathartic Pills in every home, say local druggists. (Adv.)

HOMELESS RUSSIANS LIVE IN FREIGHT CARS

Warsaw, Aug. 14. (By Mail).—All through the quiet portions of Poland are to be seen long trains of freight cars filled with the displaced population of the troubled regions. They are the human flotam from Russia, homeless some of them for years and in many cases hundreds of miles from their homes.

On the grass and weed-grown sidings these long trains dot the country side. Scanty and ragged washing flies from the nearby bushes and on improvised stoves or open fires on boxes of sand they cook such meager food as foraging or charity either of the villages or government gives them. Generally they are wretchedly clothed, the children often being half naked.

Many of these refugees are trying to get back to their homes in the freed regions, but many more are simply "milling" about aimlessly, having long ago abandoned hope. Now and slowly somewhere, so these floating and pitiable people drift about Poland and face the rigors of nearing winter.

DISABLED SOLDIERS INSPECT GREAT CLOCK

London, Aug. 20.—(By Mail).—Fifty disabled soldiers, many of whom had lost a leg in the war and wore an artificial one in its place, climbed the 200 steps of the house of commons tower the other afternoon to study the mechanism of "Big Ben," the giant timepiece. The soldiers are being trained by the ministry of labor in watch and clock-repairing.

One, spying the clock mechanism, exclaimed: "Is this the works? It looks more like a blinking printing machine."

A guide told the party that the clock was designed by Lord Grimthorpe and was placed in the tower in 1859. It has been working for 60 years and is still regarded as one of the best time-keepers in the world.

The minute-hand is 14 feet long and weighs 224 pounds and the pendulum which requires two seconds to complete each swing, weighs 700 pounds. The bell which sounds the hours has a diameter of nine feet and weigh 14 tons, the weight of the striking hammers being 705 pounds.

An electric motor now winds the clock in 20 minutes. Formerly it took two men working three afternoons a week to complete the task.

ENGLISH MINES TURN TO USE OF MACHINES

Manchester, Eng. Aug. 25. (By Mail).

The repeated statement by trade authorities that the preeminence of the United States in the coal trade of the world is due to mining machinery, has awakened the coal operators and miners of the Manchester and Bolton districts. Electrical and compressed air coal cutting machinery, called "iron men" by the miners, is being introduced very generally, one big plant having recently installed an elaborate power plant in connection with the innovation.

CZECHS MUST CONSERVE FOOD DURING WINTER

Prague, Aug. 10.—(By Mail).—By tightening the national belt a hole and careful conservation and organization of food supplies, Czechoslovakia can weather the winter safely in the opinion of the American food experts who have been surveying the country. In fact Czechoslovakia, particularly Bohemia, is said to be a good deal better off than most of the Eastern Europe. Her crops will run from 60 to 70 percent of normal and do not contain valuable commodities she admittedly has some for export in return for more needed supplies such as raw material, notably cotton.

She has appreciable quantities of oats barley and hops that can be spared, as well as some sugar and coal, and these last two commodities are felt to be about the most precious in Europe. In return she wants wheat, flour and cotton. Her spinning industry is at a standstill and experts claim that she needs approximately a hundred thousand bales of cotton to supply her own needs in textiles.

The over supply of beet sugar is Czechoslovakia's big and valuable asset and gives her a strategic position in Europe. The general situation here is reassuring to the American experts and while there will be deprivation, they believe that with a well organized control of food and close economy there will be no real suffering this winter.

GRAPES FROM ANCIENT VINE GO TO SOLDIERS

London, Aug. 21.—(By Mail).—Lady Wolseley has bought the grapes from the ancient King's Vine at Hampton court, about 500 pounds, and will turn them over to the Church Army for distribution in the army hospitals. The vine which is the most famous in all England, has contributed its grapes to sick and wounded soldiers since the beginning of the war through Lady Wolseley's generosity.

CZECHO SLOVAKS USE GOAT'S MILK AS FOOD

Prague, Aug. 10.—(By Mail).—The goat is taking the place of the cow as a milk provider in Czechoslovakia. The armies which battled in Eastern Europe stripped the land of its horses and four terrible years of war almost exterminated its cattle. Everywhere is felt the lack of fat even in regions which formerly produced enormous quantities of dairy products.

Formerly only the poor resorted to the goat as a source of milk but now these animals are seen everywhere herded singly and in flocks by children and old persons. They are cheap, mature and reproduce quickly and furnish rich milk.

The absence of horses and oxen is evident everywhere. The harvest is on as this is being written and in the fields the men and women are gathering the grain and dragging the wagons. Although this section was untouched by actual battle the absence of live stock in the fields and pastures and the smokeless stacks of hundreds of factories show the blighting effects of the great war.

PRUSSIAN MOB USES LEFT-OVER GRENADES

Coblenz, Aug. 25.—(By Mail).—Hand-grenades left over from the war were used effectively recently by enraged civilians in Zoppot in West Prussia, who attacked food stores on the ground that the shopkeepers were profiteering. According to information reaching American army headquarters a mob, armed with grenades, revolvers and other weapons, attacked the numbers of the stores which were known to have charged high prices.

In the interior of Germany margarine has been quoted recently at 6 marks per pound whereas it formerly cost 2.80 mark per pound. The is attributed to the fact that large quantities have lately been bought abroad at higher prices than formerly owing to the low rate of German exchange. The official rate of exchange for August at army headquarters is two marks, twenty-two pennings for one franc, giving the mark a value in American money of a fraction more than six cents.

ENGLAND FAILS TO GET ANCESTOR OF GIRAFFE

London, Aug. (By Mail).—British naturalists, who have been confidently expecting that the only live okapi in captivity was to be brought to the zoological gardens in Regents Park, were disappointed today when the news came from Antwerp that the animal had been brought there from the Congo by Dr. Lebrun. It was the gift of Mme. Landaghem, whose husband is in the Congo medical service.

The okapi is the survivor of a distant ancestor of the giraffe. An adult stands about five feet high, and although it has the general shape of the giraffe its neck is relatively shorter and its forelegs are not so high in proportion to the hindquarters.

The sides of the animal's head are light fawn color and the general coloration of the body is a dark purple. The most striking character is that the rump and the upper part of the legs are transversely striped with black and white. It was first known in 1901, having been found in the Semliki forest, haunting low undergrowth and swamps.

The particular specimen was in Mme. Landaghem's possession for a number of years and photographs of it received here show it eating out of her hand.

CLEMENCEAU CARRIES OWN AUTO WITH HIM

Paris, Aug. 22.—(By Mail).—Whenever Premier Clemenceau travels in a special train, his automobile is always carried on a flat car at the end. If a railroad wreck delays his train he resorts to the automobile. This happened the other day when on returning from his vacation in Vendee, a wrecked freight train blocked the track.

To one of the members of the Chamber of Deputies who joked him about it, the premier denied that his plan of carrying his automobile by train implied lack of confidence in the ability of his colleague, Minister of Railways Clavelle, to operate his trains on time.

LEGAL NOTICE.

Backache only a Symptom

"It Seems as Though my Back Would Break."

This is a common expression among women, yet they toil on day after day heedless of the significance of this distressing symptom.

Backache is often a warning of some inward trouble that requires attention, and which unless relieved will sooner or later declare itself in more serious ailments.

If it is caused by female derangement Lydia E. Pinkham's Vegetable Compound is what you need. It quickly asserts its curative powers in all those peculiar ailments of women.

For more than thirty years this good old fashioned root and herb medicine has been restoring American women to health.

The Splendid Recovery of Mrs. Coventry

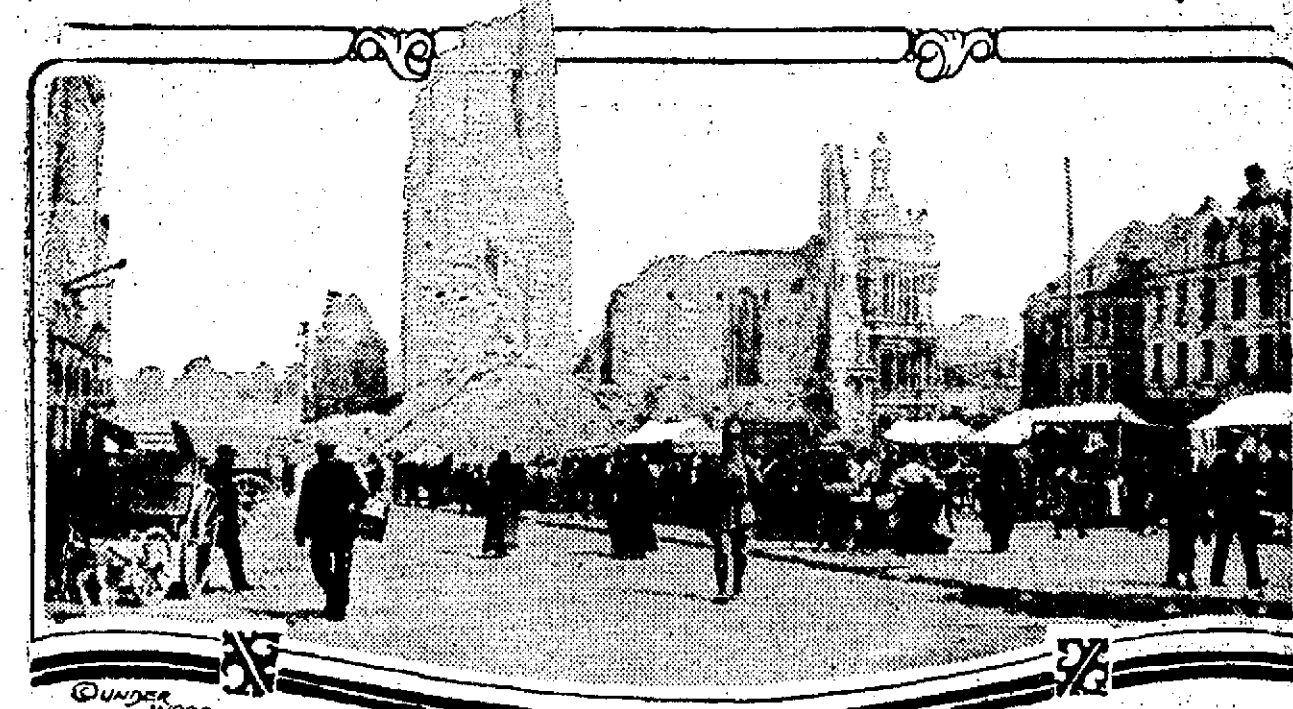

Newark, N. J.—"The doctor said I had organic trouble and treated me for several weeks. At times I could not walk at all and I suffered with my back and legs so I often had to stay in bed. I suffered off and on for eight years. Finally I heard that Lydia E. Pinkham's Vegetable Compound was a good medicine, and I tried it with splendid effect. I can now do my housework and my washing. I have recommended your Vegetable Compound and Blood Medicine and three of my friends are taking it to their advantage. You may use my name for a testimonial."—Mrs. THERESA COVENTRY, 75 Burnett St., Newark, N. J.

Mrs. Hunt tells how it helped her
Detroit, Mich.—"I was in a general run-down condition, was very nervous and tired, had backache and other troubles. I suffered for several years, was not able to work at times and tried doctor's medicine with no results. I saw Lydia E. Pinkham's Vegetable Compound advertised, and after taking it a short time I was much better. I am still taking it myself and giving it to my daughter, and am glad to recommend Vegetable Compound at anytime."—Mrs. M. E. Hunt, 171 Davidson Ave.

Lydia E. Pinkham's Vegetable Compound

LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

PUBLIC MARKET IS OPENED TO AID FRENCH WAR VICTIMS

Crowds buying food in public market established in center of Arras, France.

To aid the French folk trying to restore their homes in ruined Arras a public market has been established to provide food at the lowest price. The market place is surrounded by ruins of buildings laid low by German guns and not yet rebuilt. The market is open every day.

MR. KNOX'S ENORMITY.

It remained for Senator Knox former Attorney General and former Secretary of State of the United States, to assure some 4,000,000 of American soldiers and sailors that the sacrifices they made in overthrowing German autocracy and Prussian militarism have resulted in "a real peace." Senator Knox's latest speech against the League of Nations advocating, as it did, the rejection of the pending treaty and the substitution of a new and independent pact between Germany and this country, is susceptible of no other interpretation.

From the premise that this peace—which American blood and valor made possible—is harsh and indefensible, Senator Knox argues to the conclusion that we should cancel the present treaty and make another which will relieve Germany of the obligations and limitations upon the enforcement of which alone the world can be insured against a second Lorraine outbreak upon her part. We have been harsh, says Senator Knox, to the Germany that consented and prosecuted the most ferocious attack ever made upon civilization. We have no right to hand the hands of this monster of militarism, he tells us, in effect, and contends that to guarantee Germany's willing acceptance of her defeat we should treat her like a victor.

Is the reconstruction of Belgium on act of harshness on the part of the allies including the United States, and a cruelty to Germany? Is the restoration of Alsace-Lorraine to France an injustice to the Prussian aggressors who took it as the spoils of war? Is the rehabilitation of Poland which the imperial ancestor of Kaiser Wilhelm II helped to parcel among his contented vassal monarchs in Austria and Russia, an infringement of German rights? Is the guarantee of autonomous government for Schleswig-Holstein, fished from an offensive and helpless Denmark, an outrage upon German sovereignty? Is France's temporary control of the Saar mines as a measure of comprehension for the destruction of cathedrals, schools, hospitals, mines, vineyards, forests, fields and homes in a fifth of the French domain which was overrun by a ruthless Prussian horde a wrong and deprivation of German proprietorship? Is the establishment of the new European States—the liberation of small nations from the domination of the German and Austro-Hungarian empires—a crime against Prussian superiority?

Well, these are some of the fruits of American participation in the war—a few of the benefactions which the pending treaty purposes to guarantee and perpetuate, at the expense of Germany, true enough, but for the advantage of a dozen other peoples. To undertake now to negotiate a new treaty with Germany—if the American nation would for a moment contemplate so precarious an adventure—would be to alienate ourselves from our former associates in the war to deal with a foe

grown ten months stronger than when he had down his arms, and to face the alternative of surrendering most of what we now stand possessed or for fighting alone to enforce our claim for more.

Let the New York Tribune, an inveterate Republican organ and persistent opponent of the League of Nations, estimate the intent and effect of Senator Knox's speech. After pointing out that it is now the mission of German propaganda to breed the impression that Germany has been despoiled, the Tribune says:

"It is not agreeable to have it possible for Germany, as she labors to create sympathy for herself, able to quote the words of one of our best American public men in support of her claims of mistreatment."
If a partisan spokesman of Mr. Lodge's Republican allies in attack upon the treaty and the League of Nations ventures that close to an indictment of Senator Knox's Americanism, what will our 4,000,000 veterans say?

BUILDING ONE'S TOWN.

The Saturday evening Post recently published an article setting forth how many towns, in reaching out for big opportunities from outside, neglects less ambitious but more substantial chances for growth existing at home. It told of a chamber of commerce in a southern city, that had worked up a movement to get more factories from other places. They had arranged a big dinner to promote enthusiasm.

They had invited as their guest a prominent man in the industrial world. He told them more solid sense in five minutes, than their orators had put into all the rest of the evening. He warned them to exercise caution how they backed costly schemes to start new factories making lines of goods for which there was no labor supply in sight. He urged them to develop the resources they already had.

So the business community dropped for the time being, their more ambitious projects, and developed home resources. They found one man operating a trunk factory employing six people. They helped him expand so he employed 50 people. They went along this line, providing capital and machinery for little industries that seemed sound and capable of growth. They built better roads to facilitate movement of produce. In two years they had increased the population by 2000 workers.

This advice holds good in most towns, whether little or big. A great advance can sometimes be made by attracting in outside industries. But these chances come rarely. Meanwhile the most hopeful chance in a town like Newark is usually to help the existing industries to expand, to encourage ambitious young men to make a start, to develop the nearby country, and make the place so good a residence town that people will like to live in it. Newark has a chamber of commerce that is making an earnest and intelligent effort to help the town. While results of effort are not always in sight the public may rest assured that President W. W. Davis is on the job and will overlook nothing that promises good for the city of New aih.

President Wilson goes to talk directly to the people and give them an account of his stewardship as their delegate at the Peace conference. They can be trusted to understand him better than some Senators can because the latter are attempting to measure his action and their own by a partisan tape line and not by the wishes and needs of the country.

Senator Lodge was once an advocate of a League of Nations, but has since accommodated his convictions to his partisanship. He was once the most fiery of the foes of Germany. Will he now join Mr. Knox in the charge that the United States has inflicted "a cruel peace" on the Prussian plunderers?

Mr. Knox ought to reprimand the American army and navy for having inflicted a painful defeat on Germany. It was their victory that made possible what he calls the "cruel peace" we would have imposed on the Prussians but for months of obstruction by him and certain other Republicans.

A Pittsburgh newspaper tells of a man who is able to write a perfectly good check for \$4,000,000 who was unable to produce 25 cents to pay his barber. That's nothing. We know of several men in Newark who can readily pay the barber yet who can't write perfectly good four million dollar checks.

The conference of capital and labor called by President Wilson is certain to bring them closer in viewpoint as well as in a physical sense. Contact is the beginning of good understanding.

By the way, what observant reader can name an important bill that the present Republican Congress has passed in three and a half months of the extra session.

In these days a silver dollar is a good round sum—Philadelphia Record. Yes, and it is worth about 48 cents.

A lot of us expect to have important business in Cincinnati soon.

One cannot well forego the pleasures which the culture of a good Cleveland Plan Dealer, referring to a team of humorists who call themselves Hap and Cap, remarks in passing that they are "indignant to Akron, but we can't see that they have anything on others of their class by reason of that."

Quick, Doc, the Hypo!
A lot of improvements are coming to me.
I'll make some today, if it's fair; I think I will buy a new cap for my knee.
And a key for a lock of my hair.
—Luke McLuke.

And then I shall buy for the drum of my ear.
A new pair of sticks, I suppose, And after that probably purchase, my dear, A pier for the bridge of my nose.

Did You Know?
That sublimation is a chemical process similar to "distillation"? It differs from it in the nature of the substances to which it is applied. In distillation liquids are converted into vapor by the agency of heat, and then condensed by cooling into liquids. In sublimation solid bodies are vaporized by heat, assuming a solid form upon cooling. Sublimation is usually conducted in a single vessel, the product being deposited in the upper part, while the impure residue remains at the bottom.

The Modern Way.
"I do not need a home at all," Said Adoniram Barr;
"For such a thing I have no call, Because I own a car."
—Newark Advocate.

Yes, old Ad. would fairly quiver With delight as 'round he'd roam, But some robber stole his liver And he lost his happy home.
—I. G.

LOOTING THE RAILROADS.

(Saturday Evening Post)

Attorney Plumb representing the railroad brotherhoods, says Wall Street has looted the railroads, and circulates these well-known cases of the New Haven, the Rock Island and the Frisco systems. What happened in those cases, and in all others to which Mr. Plumb refers, was an overissue of railroad obligations—stock-watering. In effect, though it did not always take the classic form of stock-watering. But the watered roads went into bankruptcy. The old obligations were called in and canceled, the water sales cut out so far as regards any real claim on their income. It cannot be shown that the looting lays any burden whatever on present freight and passenger rates. It was investors in railroad securities who were looted—not ship owners or travelers or the people generally.

The present charge against the railroads on account of the capital invested in them is about nine hundred million dollars, which the Government guarantees. Even Mr. Plumb admits that there has been an honest investment in railroads to the extent of ten or twelve billion dollars which should be compensated by government bonds. Government bonds of the Victory Liberty Loan, bearing four and three quarters per cent, are sold slightly below par. Applying that interest rate to a figure halfway between the maximum and the minimum mentioned by Mr. Plumb, his plan would involve a charge against the railroads, on account of the capital invested in them, of about five hundred million dollars a year. But the roads today are not earning even that five hundred millions a year. There could be no increase in wages without an offsetting increase in freight and passenger rates or without a deficit which would fall on the public in the shape of taxes.

If we allow Mr. Plumb's improbable contention that under his plan mixed public and labor-owned railroads would be operated more efficiently than under private management it is still clear that a long time would have to elapse before the results of that more efficient operation could make any appreciable impression on the cost of living—some years, certainly. And it is cost of living as an immediate problem that the brotherhoods are talking about. Meanwhile railroad labor has presented new wage demands which would raise the cost of transportation by at least eight hundred millions a year—a burden at least double that which Mr. Plumb's free and easy generalizations attribute to Wall Street looting. Subtracting four and adding eight is an old method of reducing the cost of living.

AMERICA.

(Christian Science Monitor)

Now and then one hears objection to the use of the word "American" to describe a citizen of the United States when America is geographically so much larger. The objection seems logical, but an American newspaper has comfortably disposed of it by examining the position the world has come to hold in the word "of the European, the Asiatic, the African, the Australian," says this paper. "America" and "Americans" mean the country and the people between Mexico and Canada and nothing else. "Canadian," "Mexican," and so on, are especially used to designate the other inhabitants of North and Central America. And when an inhabitant of the southern continent is spoken of in general terms he is always called a "South American," as the case may be. "South America" itself, adds the paper, admits this usage. The growth of relations with South America has undoubtedly set many persons in the United States wondering whether they ought not call themselves North Americans.

LAND BOOMS.

(Nebraska State Journal.)
While Iowa and Nebraska are feeling rather proud of their soaring prices of the department of agriculture issues a warning of danger to come. Serious consequences will follow with the return of normal conditions, says the department.

What many those serious consequences? Nebraska has never had an acute land boom before. There have hitherto been too many homesteads for that. There have been land booms in Nebraska cities, however. The history of these is the history of the cities of the land prices. Something happens, a bank failure, a panic, a fall in prices, to check the sale of property. Holders of equities are pinched. Their property is forced into the market. Everybody is loaded with high-priced property and unable to buy more even at low prices. Thus in a twinkling, almost, property lately worth fabulous sums is unsalable at any price. Lincoln had such a collapse twenty-five years ago. Oklahoma City, Vancouver and the cities of the northwest have had the experience more recently. One of the results is that men who are envied for fabulous wealth

one day find themselves bankrupt the next.

Nebraska farm land has too solid an economic value to suffer anything like a collapse. But if prices go far beyond what its earning power is to be in coming years, those who buy at present prices are headed for future trouble. Clearly, it is a time for careful judgment in buying land. This is no time to rush into debt. America will ride the business storms ensuing from the war with greater safety the more carefully its people keep their heads, refusing to be stampeded into gambling in margins of land or anything else.

A regrettable feature of any land boom is its tendency to emphasize speculation at the expense of farming. Land booms driving the price of land beyond its power to pay for itself, invariably cause an increase in tenant farming, for this condition makes renting cheaper than owning. This alone is enough to justify the agricultural department's warning. A land boom may make many Nebraskans richer. It will make Nebraska and the country at large on the whole, poorer.

THE UNHOLY ALLIANCE.

(New York World.)

Some of the sensitive Republican senators will cast a new grievance against President Wilson because of his assertion that the German element throughout the country is now active in its opposition to the treaty of peace and the covenant of the league of nations.

What the president stated, however, is a fact and if he erred at all it was on the side of understatement. The German element everywhere is against this treaty, for the reasons that moved Senator Knox to advocate its rejection and the negotiation of a separate peace. It is true that no German paper had dared go quite so far as the Senator from Pennsylvania in attacking the treaty, but all of them have naturally taken new courage and new hope from his speech. All the former organs of official German propaganda in this country are vehement in their opposition.

But pro-Germanism is only one of many participations in this unholy alliance. Every element that was disloyal during the war has joined forces with Senator Lodge and his Republican associates who are engaged in wrecking the treaty. No other such combination was ever before known to the political life of the United States.

With them are allied all the Bolsheviks and the Bolshevik sympathizers, including the Industrial Workers of the World, who are against the treaty because it is an obstacle to chaos. The Bolshevik opposition is simplicity itself. The treaty was drawn by representatives of "capitalistic government," and capitalistic government must be destroyed with all its works. Hence the treaty must be ratified.

There have been many strange coalitions in the course of American history, but never before was there one like this, or one that combined so many elements of real danger to the welfare of the American people.

25 Years Ago

(From Advocate Sept. 16, 1894.)
Mrs. W. W. Neal entertained a number of her friends with a garden party on last Thursday.

The gold fish that have been placed in Cedar Hill lake were given by Wm. Baker.

A portion of the Locust street sewer, between Elm and Fourth streets, caved in last night after a heavy rain.

The Buckeye Band will give an open air concert at the Old Fort this afternoon.

FIFTEEN YEARS AGO.

(From Advocate Sept. 16, 1904.)
Seymour Smith of Pataskala has a stalk of corn taken from his field which is 16 feet in length.

Mr. and Mrs. Charles Fenchel entertained a number of their friends in honor of their sons birthday anniversary.

Mr. and Mrs. Fred Pfeiffer announce the birth of a daughter.

The oil well on the farm of D. W. Dull has a flow of 40 to 50 barrels a day.

DEMOCRATIC TICKET.

Crisp Autumn Air Awakens
The Call To New Suits

YOU'RE Investigating Safely
When You Consider The As-
semblage we Offer For Autumn.

The woman who thoughtfully expends her money and who makes sure of purchasing quality as well as style, will delight in the Autumn Suits which we have assembled. Economy ever lies in buying right—buying the suit that is correct in style and that is so well tailored that it holds its trim lines and smartness through much service.

Our suits come from makers who uphold the best ideals in garment making in every detail from materials of assured quality to the finish of the slightest detail contributing to effective style.

In addition to our previous display we are now showing many new models developed in France. Wool Velour, Silvertone, Velour Cheeks, Poiré Twill, Gabardine, Wool Poplin and Manish Serge. Every garment follows the fashionable silhouette, gracefully lined to give figure distinction and yet without accentuation of either cleanness or fullness—in fact styled with exact art in the mode of the moment.

If you have priced suits elsewhere the values we are offering will readily appear to be low. Women who have shopped around have told us that we are from \$5 to \$10 cheaper than other stores. Let us show you the exceptional values at—

\$24.95, \$29.95, \$32.95, \$39.95,
\$47.95

PERSONAL

WOMAN WHO WROTE
STORY OF TITANIC
RETURNS TO U. S.

Miss May Birkhead.

Miss May Birkhead, now a journalist of some note, has returned to the U. S. after several years in France. She "broke into" the newspaper game in an odd manner. She was on board the Carpathia when it went to the aid of the Titanic. She knew nothing about writing then. A friend on a New York paper wirelessly her to have a story of the sinking ready when the boat reached port. She pressed it and it proved to be a small masterpiece. She is a close friend of Mrs. Champ Clark.

try that even a beast would soon per-
To sleep with the windows open and the covers well tucked in around the body is the only safe way to enjoy the healthful recuperating powers of snow-storms on an open porch but to dally with the cold winds and storms on an open porch in winter is very foolish.

SOCIAL AFFAIRS

The monthly business meeting and social of the Dorcas bible class of the Central Church of Christ will be held at the home of Mrs. Applegate, 250 Broad street, Thursday afternoon. There will be election of officers and all are asked to be present. Take the Granville bus at the square.

The West Side W. C. T. U. will hold its monthly meeting at the home of Mrs. Paul Kemper, 65 Neal avenue on Wednesday afternoon at 2 o'clock. The treasurer has announced that dues will be collected.

Mr. and Mrs. Asa O. McGinnis entertained with a "dinner" at their country home east of the city, Sunday in honor of their uncle and aunt, Mr. and Mrs. A. B. McGinnis of Huntingdon, Tenn.

The following were guests: Messrs. and Mesdames A. B. McGinnis, W. G. Francis, W. A. Francis, Raymond Francis, Aubrey Sherman, E. W. Jones, Mrs. Sarah McGinnis, Misses Anna Jones and Jennie McGinnis and Messrs. L. L. Jones and I. D. McGinnis.

Muminy—Westbrook.
Mr. Harry L. Muminy and Miss Burdell Westbrook were united in marriage Sunday, September 14 at 4:30 o'clock, at the home of the bride's parents, Mr. and Mrs. J. L. Westbrook, north of the city, by the Rev. L. C. Sparks.

Only the immediate relatives of the young couple witnessed the ring ceremony after which a wedding dinner was served.

The bride was dressed in a silk gown with hat to match and wore a scarf around her shoulders which the bridegroom brought from France. Her bouquet was of bride's roses.

Mr. Muminy recently returned from overseas where he was in service eighteen months, being gassed while in the Argonne Forest and had a shrapnel wound at Chateau Thierry. He received his discharge July first. They will reside in Newark.

Miss Nelle Frenier is entertaining the members of the G. A. B. Club at her home in St. Clair street this evening.

Gerald Smith, of Hudson avenue left last evening to resume his studies at Notre Dame University.

Mary Elizabeth Smith, daughter of W. H. Smith of Hudson avenue left Monday evening for Wheeling where she will attend Mount of Chantel school for girls.

OPERATOR ENLISTS TO
SERVE IN U. S. SERVICE

George R. Besore of Indianapolis, employed as a railroad telegraph operator near Newark, was one of the recruits signed yesterday by Recruiting Officer Philip Dueber. Besore will go to Columbus for final examination and will be sent directly to San Francisco to embark for Siberia where he will serve in the signal corps of the U. S. forces there. Within six weeks, Besore will be "pounding brass" on the trans-Siberian railway's telegraph circuit while he watches out the corner of one eye for the hemispherical boiler with a smoking bomb.

BOSTON FIREMEN WILL
NOT JOIN COPS' STRIKE

Boston, Sept. 16.—The Boston firemen will not strike to support the striking policemen's union. A statement issued today by officers of Local 19, International Association of Fire Fighters of which the men of the department are members says:

"The firemen have never voted to strike, and will not vote to strike and will not strike."

DR. WYETH BELIEVES
HIS CAR IS LOCATED

A telegram received Tuesday by Dr. C. L. Wyeth has led him to believe that his Cole & Co. stolen a week ago Sunday at the First M. E. church, has been located at Hammond, Ind. A letter was received by Dr. Wyeth, asking him if his car had been stolen and if so, to forward a description and information regarding the reward.

The letter stated that the car had been left in the garage a week ago by two men who had not returned for it. Dr. Wyeth has forwarded the information asked for and is awaiting further information from Hammond.

HOSPITAL PATIENT KIDNAPPED.

Toledo, Sept. 16.—Joe Sullivan, who was taken to a hospital here recently after being beaten and dressed only in socks and raincoat, was kidnapped from the hospital last night. An attendant of St. Vincent's hospital told the police he was overpowered by three men who seized Sullivan.

Our Boys and Girls

Everything a child eats should be given for some particular purpose. For mothers who lack the knowledge of food values the following simple classifications are given.

Proteins—These foods supply material for building tissue, muscle, brain, bone and glands. They include meat, fish, eggs, milk and cereals.

Carbohydrates and Fats—These supply material for maintaining heat and energy. They include starchy foods, as potatoes, rice, tapioca, macaroni, corn, starch, arrow root, bananas, bread and sugar foods such as sugar, syrup, candy, honey, jam, jelly, dates and figs, and fats such as butter, cream, olive oil, milk and cereals.

Mineral Matter—This supplies material for teeth and bone and keeps the body clean and the blood pure. This mineral matter is found in fruits such as apples, oranges, grapes, berries and pears, and in green vegetables such as carrots, spinach, onions, turnips, lettuce, celery, tomatoes, milk and cereals.

Water—This keeps the blood pure and the body clean. It also aids in regulating the temperature of the body and in carrying nutriment to the cells. It is supplied by pure water as a beverage and also in large proportion in such food as milk, soup, fruits and green vegetables.

Every Day Etiquette

"I have a neighbor who never speaks or bows to me, unless I notice him first. Is that right or wrong, according to the laws of etiquette?" asked Mabel.

FEATHERS TO HAVE
PROMINENT PLACE
IN NEW MILLINERY

It is surprising the large number of new fall hats which are to be ornamented with feather trimming. Ostrich, curled and uncured, gourra, burnt goose and cassowary are among the most popular. Here are two smart models which use cassowary feathers.

THE COURTS

Marriage Licenses.
Blaine N. Hurst, a farmer of Wake-man, Huron county, and Miss Mary Graves, a school teacher of Granville, Rev. Ernest Graves named to officiate.

Grand Jury in Session.
The grand jury still has a large number of witnesses to examine but may possibly complete the same by Friday afternoon, but it is hardly probable that any of its findings may be made public before next Monday.

Two Seek Divorces.
Two divorce petitions have been filed in the court of common pleas. Chas. O. A. Brunk seeks a separation from Minnie K. Brunk. They were married in St. Louis, Mo., Nov. 23, 1889. With all absence on the part of the defendant for more than three years last past is alleged.

Rebecca Wright has filed a petition against George W. Wright. They were married at Berryville, Va., Dec. 17, 1907, and are the parents of three children aged 12, 11 and 7 years. Extreme cruelty is alleged the plaintiff reciting that defendant frequently struck and beat the plaintiff and that he also failed to provide herself and children with the necessities of life. She asks for a divorce and the care, custody and control of the minor children.

Real Estate Transfers.
Burton Miller to Ollie Miller, 100 acres in Newton township, \$1, etc.
Mabel F. Courtney to Richard H. Nutter, lot 1784, \$1, etc.
Edward C. Loughman to Samuel O. Redman, 41 acres in Licking township, \$1, etc.

John H. Swisher, et al., to Anna B. Benway, lot 4553 in Wehrle addition, \$235.
Thomas J. Irwin to Cora O. Irwin, three lots in Madison township, \$1, etc.
Elijah J. Case to Ray B. Stumph, 204 acres in Hartford and Bennington tps., \$1, etc.

DANCER TO DIRECT
COLLEGE PAGEANT

Miss Gladys Gerrish.

Miss Gladys Gerrish, a co-ed in the University of California in Berkeley, has been selected to manage and direct the spring Parthenon for 1920, where all the girl students of the university will appear in all their beauty and grace. It is a woman's festival performance which is one of the most notable productions of the college year.

OBITUARY

Mrs. G. C. Huntsman.
Funeral services for Mrs. G. C. Huntsman who died Friday in Ellyria, were held this afternoon at 2 o'clock in the Bradley undertaking parlors and burial took place in Cedar Hill cemetery.

Capt. O. W. Brown.
The funeral of captain O. W. Brown who died Sunday at his home south of Jacksonstown will be held Wednesday morning at 10:30 at the Fairmount church. Burial will be made in the adjoining cemetery.

Paul Milless.
Funeral services for Paul Milless who died Sunday morning were held this morning at 8 o'clock in St. Francis de Sales church and burial was made in Coshocton cemetery.

Mrs. Hannah Montgomery.
The body of Mrs. Hannah Montgomery, mother of Mrs. E. E. Carman, was taken to East Springfield at noon today and funeral services will be held Wednesday at the home of her daughter Mrs. H. V. McIntyre.

Gets Quick Relief
from Sore Throat

During the coming raw days of fall and winter you are particularly apt to develop sore throat, lumbago and stiffness of the muscles. Children also are more apt to contract colds and kindred ailments at school. Be prepared. A bottle of Housonia in your home is your safeguard.

Mrs. C. E. Rieder, 959 East Long St., Columbus, Ohio, says: "I am troubled with a weak throat and every cold I contract settles there. I find Housonia liniment the best remedy I have ever used. One application always relieves my sore throat."

It's easy to use Housonia — no pain, smarting or blistering. It sterilizes open cuts, burns, scalds or bruises and soothes while it heals. Ask your druggist for Housonia — (The Original Jones' Liniment), 1.00. Half size 50c, trial size 25c. Dr. J. C. Jones Co., So. Charleston, Ohio.—Adv.

Advocate want ads bring results.

AILMENTS CAUSED
BY EYE STRAIN

A whole lot of functional disturbances are now known to be so caused, which a few years ago were attributed to everything but the true cause—eye strain. It has taken even Optometrists a long time to appreciate the subtle connection between the eyes and the nervous system, but most of them now realize that eye strain can be a reflex action cause almost any functional disturbance. Possibly we might help you and your eyes.

MORSE
"For Your Eyes"
19 ARCADE, NEWARK

GRANVILLE

(Special to the Advocate.)
Granville, Sept. 16.—The Chi Psi sorority entertained with an informal dancing party at the chapter house Monday evening. About 25 couples were entertained. Mrs. Edward Sperry was a guest and Miss Ethel Brillhart of Newark, who is the new head of athletics in Shepardon, acted as chaperone. Light refreshments were served.

Theodore H. Wallace left today for Columbus to enter Ohio State University.

CAN GLEASON DEPEND UPON THESE MEN IN BIG SERIES?

By N. E. BROWN.

While Kid Gleason will depend upon Eddie Cicotte and Williams to carry his club through to victory in the world series, it is improbable that he can get through the battles without having to inject another hurler, or two, into the games. Kerr and Faber are the only other hurlers on which Gleason would dare take a chance in the important contests. What White Sox—and Redleg—fans are trying to do out is whether these two can hold up their end of the

Urban Faber, at left, and Dick Kerr.

pitching when called upon. Faber is a great pitcher—when he is going good—but this season he has been an in and out. He is a winning hurler by barely a game or two. Kerr's record has been better, but he has broken into fewer games. Between them they have won about twenty games for the Kid and have lost fourteen or fifteen while doing so. Cicotte and Williams, between them, have won over forty-five contests, which shows the comparative amount of good the four have been in the regular campaign.

ASSOCIATION TO SEND CHAMPS TO PACIFIC

Los Angeles, Calif., Sept. 16.—Officials of the American Association have agreed to the proposal of officials of the Pacific Coast League to match the winner of the association pennant with the winner of the Pacific Coast League pennant for a minor league championship series, according to announcement here today. The winner in the American Association will meet the coast pennant at Washington Park here for a seven game series, starting according to plans about October 10. Coast League officials first made a flat cash offer to the American Association, but this was changed, and instead both teams will share equally the proceeds of the first five games, the winner of the series to get 50 percent of the remaining two games and the loser 40 percent.

"TRIS SPEAKER OF THE NATIONAL LEAGUE," THAT'S WHAT RED FANS CALL EDDIE ROUSH

By N. E. BROWN.

Eddie Roush, premier slugger and star outfielder of the Cincinnati Redlegs, has been called the Tris Speaker of the National League by the old circuit fans because of the similarity in the style of play the two have in the out-

Eddie Roush poking one out.

field. In addition to being a brilliant outfielder, like Tris Speaker, Eddie is a natural hitter, also.

Roush started his baseball career as a right handed thrower, but broke his right arm. Folk said his baseball days were over, but Eddie set to work to learn how to throw left handed. His south-paw whip has turned back many a base runner and he is regarded as one of the best throwing outfielders in the circuit.

His batting has been one of the important factors in the climb of the Cincinnati Redlegs to pennantville.

One of the odd features about Roush's career is that the White Sox had him at one time, but couldn't see him as a coming star.

KILBANE TO MEET BURNS.

Jersey City, N. J., Sept. 16.—Johnny Kilbane, world's featherweight champion will face Frankie Burns of Jersey City in an eight round contest here today. Kilbane and Burns each of whom is 30 years old are veterans of the ring, but have been opponents only once when they met in a no decision bout in New York seven years ago.

CALLS FOOTBALL PLAYERS.

Manager Glenn P. Harris has sent out a call for tryouts for this year's Grayhound football team. All members of the old team wishing to try-out are asked to report to the manager tonight at 8 o'clock at West Main and Sixth streets.

FIRST GYM CLASS STARTS SEASON'S WORK

Thirteen boys in spic and span suits of white entered the first gym class of the season at the Y. M. C. A. yesterday afternoon. This particular class has many members out for football practice every day which accounts for the small number present on the opening day.
Dr. Postle examined each boy before the class finished its class work. The class meets Mondays and Thursdays from 4 to 5 o'clock and is open to all older high school students.
The senior young men's class had its first session last night. A drill followed by apparatus work and basketball completed the evening's program in the gymnasium. The swimming pool was put into use by the class. As the younger fellows who were inducted into the class last season are withheld from continuing with the class this year, it is expected that the older members will return with a new interest and set things booming. This class meets Mondays and Thursdays at 7:30 p. m.

NELDON DENIES HE STRUCK MYERS GIRL

Cleveland, Sept. 16.—A rumor, creamery in this extra 59 to 60; extra firsts 57 1/2 to 59; firsts 57 1/2 to 58.
Potatoes. New Jersey cobbles \$5 to \$5.25. Sweet potatoes Virginia 4.25 per bushel; Maryland 4.50 per bushel.
Wall Street.
New York, Sept. 16.—The most favorable aspect of the labor situation improved further strength to the stock market at the opening of today's session. Oil, steel equipments and tobacco were particularly favored at gains at from 1 to 3 points. United States Steel was slightly irregular but soon leveled. Shipments were among the active and stronger features, also low priced rails, notably Texas and Pacific, St. Paul and St. Louis and Southwestern preferred. The few exceptions to the higher trend included Baldwin Locomotives and several of the motor specialties.
United States Steel again proved to be an uncertain quantity, forfeiting almost a point after its first rally and contributing to the more extensive reversal elsewhere. Additional cause for restraint was furnished by the further slump in foreign exchange, new discounts being made by French and Italian banks. The morning was without its speculation feature, Kelsey Wheat rising 10 points, Stromberg Carburator 12, Lorillard Tobacco and Crucible Steel 7, while Fisher Body reacted 20 points. Business slackened towards noon, traders evidently awaiting the outcome of labor developments at Washington.
Chicago Live Stock.
Chicago, Sept. 16.—Hogs: receipts 21,000; lower. Heavy \$16.00; light, \$16.50; light lights \$16.75; heavy packing sows, smooth \$15.25; packing sows, rough, \$14.15; pigs, \$15.00.

Ohio Cities Gas.
Columbus, Sept. 16.—Cities service common 480@490; do preferred 77 3/4@78 1/4. Ohio cities gas 53 1/2@54.
Chicago Grain Review.
Chicago, Sept. 16.—Corn prices developed fresh strength today owing chiefly to current opinions that after the recent big decline some further reaction was due. Opening prices, which rang-

BIG PURSES OFFERED AT GRAND CIRCUIT

Columbus, Sept. 16.—One of the richest programs of the two weeks meet of the grand circuit races is offered today. Four events carry purses totalling \$15,000. The races on the program are the 2:06 Capital City trot, purse, \$3,000. The Horse Review futurity three-year-old trot, purse \$5,000; the Maude M. 2:04 trot, purse \$5,000; and the 2:07 pace purse \$1,000. The weather and track conditions are good.

CHIC HARLEY BACK ON STATE GRIDIRON

Columbus, Sept. 16.—Many old stars of the football gridiron at Ohio State University including "Chic" Harley All American half back in 1916 and 1917, were out for football practice yesterday, the first day of the 1919 western conference season.
In all about 50 candidates were on the field chasing the pig skin. Scrimmage work was the order of the day. Signal practice will be begun late today.

HEATH TEAM DEFEATED.

The first engineering team easily defeated the Heath refining team by the one sided score of 16 to 3.
The game was featured by the fast work of the first team as Willie kept his team on their toes all the time.
McClain pitched a good game at all times, and had the Heath team eating out of his hand. Posh and Wilkie starred for the first team with 4 hits, 5 stolen bases and 3 runs each.

SOCIALIST NOT ON TICKET.

Columbus, Sept. 16.—Holding there was not enough signatures to satisfy requirement of the law the Franklin county election board has thrown out petitions of six socialist candidates for Columbus offices. Among them is the petition of Jacob L. Bachman, candidate for mayor. Others were for municipal court clerk and school board members.

35 IN HIGH SCHOOL FOOTBALL SQUAD NOW

Thirty-five high school boys have responded to Coach L. G. Millisor's call for a football team and have been taking part in their practice work at White Athletic field. Millisor believes the prospects for the high school football eleven this season are good. Among the better known players who have turned out for practice are Captain Stowell, Orr, McGee, Wilson and Kelly.

The high school's football schedule follows:
Oct. 4—Columbus Commerce school at Newark.
Oct. 11—Zanesville at Newark.
Oct. 18—Doane academy at Newark.
Oct. 25—Delaware at Newark.
Nov. 1—Marietta high at Marietta.
Nov. 8—Columbus North high at Newark.
Nov. 15—Open.
Nov. 22—Mt. Vernon high at Mt. Vernon.

MARKS ATHLETICS TO PLAY MACKS SUNDAY

Signed contracts were received today by C. E. McDaniel for a football game next Sunday at Mountbush park between McDaniel's football team and the Marks Athletic club. The game has been hanging fire for several days and the receipt of the contract closes up the matter. The Pan Handles of Columbus will play here the following Sunday.
Already workmen are putting the field into shape at the fair grounds and when time is called Sunday the grounds will be in good condition.
McDaniel has issued a call for all players to report tonight at 6 o'clock for practice. Besides all the old players, Mack asks that new recruits be brought in for a tryout.

Chicago Grain Review.
Chicago, Sept. 16.—Corn prices developed fresh strength today owing chiefly to current opinions that after the recent big decline some further reaction was due. Opening prices, which rang-

ed from a quarter off to one cent advance, with September 1.13 1/2 and December 1.19 1/2-1.20, were followed by moderate gains all around.
Oats rose with corn. After opening a half decline to 3-5 advance, including Dec. at 67 3/4 to 68 1/8 the market scored a substantial upturn.
Provisions were dull and irregular. The bearish effect of weakness in the hog market was partly counterbalanced by the strength of grain.

Pittsburgh Live Stock.
Pittsburgh, Sept. 16.—Hogs: receipts 1600; lower; heavies \$17.25@17.50; heavy yorkers \$17.75@18.00; light yorkers \$17.00@17.25; pigs \$16.50@16.75.
Sheep and lambs, receipts 2,000; steady; top sheep \$11.00; top lambs \$15.00.
Calves, receipts 100; steady; top 22.50.

Cincinnati Live Stock.
Cincinnati, Sept. 16.—Hog receipts 4600; lower; selected heavy shippers \$16.75@17.00; good to choice packers and shippers \$17.00; medium 17.00.
Cattle receipts 700; slow and weak. Shippers 11.00@12.50; butcher steers extra 11.50@12.00; good to choice 10.50@11.50; common to fair 7.00@10.00.
Calves steady extra 21.00; fair to good 14.00@20.75; common and large 6.00@12.00.
Sheep receipts 1500; weak; good to choice 11.50; good 4.00@6.00; common 2.00@4.00. Lambs weak. Good to choice 14.00@15.00; fair to good 11.00@14.00; common to fair 8.00@11.00.

Want to Feel Just Right?

Take an NR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "lousy," headache, tired, don't-know-what-a-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to feel how rich better you feel—brighter, better every day. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that to keep your system in good condition—keep you feeling your best.

HOW ARE YOUR KIDNEYS? ASKS DR. CAREY, SPECIALIST

Famous Kidney and Bladder Physician Retiring From Active Practice Appoints Evans' Cut Rate Drug Store Agent in This Vicinity For His Great Medicine, Marshroot.

During his forty years of constant practice Dr. Daniel G. Carey has helped many thousands of despairing kidney diseased men and women in all sections of the country to regain robust health.

Don't take any chances with your kidneys. If you have the faintest suspicion that your kidneys are weak or your bladder is irritated the wisest thing you can do is to get a bottle of Dr. Carey's Marshroot at once.

Remember, Marshroot is not a cure-all or patent medicine, but is Dr. Carey's most wonderful prescription, which he now gives to the world and his army of patients only because he has decided to retire from active practice.

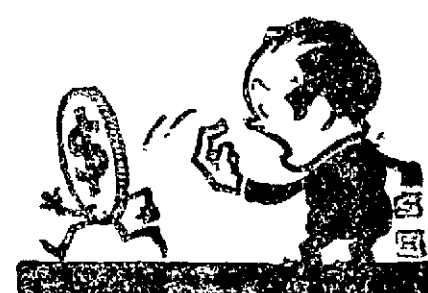

The truest signals often indicate that the kidneys are ailing and need attention. Dry skin for instance and little specks floating before the eyes. Sometimes the feet feel heavy, as if your shoes were full of lead.

Often the joints ache or you have quick, darting pains shooting through the back or side.

Then again that frequent desire to empty the bladder, cold, clammy feet and just a little puffiness under the eyes.

Occasionally the hands or feet swell slightly and the palms of the hands are moist.

No regular practicing physician has devoted more time to the study of kidney and bladder diseases than Dr. Carey. He himself asserts that many thousands of cases of Bright's disease and even diabetes could have been conquered by Marshroot. If it had been taken in time. Hereafter you can always get this effective prescription at Evans' Cut-Rate Drug Store and all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marshroot. No other medicine can take its place.—Adv.

ASHLAND LADY AVERS CHANGE NOW APPARENT

Life Long Resident of City Says She's Better Every Way Since Using Trutona.

Ashland, Ky., Sept. 15.—Mrs. Annie McCabe, 59 years old, has spent her life in Ashland and she is known to practically everyone in the city. She has the following praise for Trutona, the perfect tonic:

"I have been a sufferer from kidney trouble for the past three years. My stomach has been in bad shape. I had a poor appetite and was usually constipated. Generally speaking my system was all run down.

"I can see a wonderful improvement in my condition in every way, since I began using Trutona. As a laxative this medicine is the best ever and it has helped me to sleep better at night than I did before. My appetite is improved.

Trutona has made me feel better and stronger in every way and naturally I think it is a wonderful system builder. I can recommend Trutona to anyone suffering as I was."

Trutona is now being introduced and explained at Evans' Cut-Rate Drug Store.—Adv.

HO! HUM! SEEMS WE'VE HEARD THIS BEFORE

London, Aug. 25. (By Mail).—The farmer's task of making two blades grow where one did and getting a bushy second crop is becoming increasingly difficult in England, according to statistics published here today. Some of his difficulties are set out as follows:

Farm laborers before the war received \$4 a week, now they get \$10. Every horse must have a weekly half holiday. If 20 horses are employed on a farm this represents an annual loss of \$750 at 75 cents per half day per horse. Before the war a bushy second crop cost \$1.75 per acre. It now costs \$4.50. Coal before the war cost \$5 a ton; it now costs \$12.50. Nitrate of soda has advanced from \$45 a ton to \$125; binder twine from \$15 a ton to \$55; and blacksmith's carpenter's and saddler's work is from 150 to 200 per cent higher.

On top of all this the former's income tax has been doubled.

WOMEN RULE ISLAND OFF ALASKAN COAST

Juneau, Alaska, Aug. 15.—(By Mail).—Here man has little voice in governing affairs on Eskimo inhabited Little Diomed, one of the Diomedes Islands that are cut in two by the international boundary line across the Bering Sea, between Alaska and Siberia. Women and children do most of the ruling, according to reports reaching the Alaska Territorial Bureau of Publicity here. Before a man can make a purchase he must get his wife's consent. If a mother is living with a married son or daughter her consent must be obtained. Wealth is estimated in skins and the rich provide for the poor.

Official suicide is provided for. When one of the natives tires of hunting seals and fishing and trapping and desires to end his existence he makes formal application to the governing body for permission to take his life.

TODAY'S AID TO BEAUTY

Hair is by far the most conspicuous thing about us and, as probably, the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this purpose is one that brings out all the natural beauty of the hair; that dissolves and entirely removes all dandruff, excess oil and dirt; can easily be used at trifling expense by simply dissolving a teaspoonful of Poslam (which you can get at any druggist's) in a cup of hot water. This makes a full cup of shampoo liquid—enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lotion. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a softness which makes it seem much heavier than it is. After a canthrox shampoo, arranging the hair is a pleasure.—Adv.

"Gets-It" Peels Your Corns Right Off

Two Drops Will Do It Without Fuss or Trouble. Never Fails.

There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. "Gets-It" is the only one corn remover in all the world that does it that way, and that

There's No Corn "Gets-It" Will Not "Get." "Gets-It" is because of this fact that "Gets-It" is today the biggest seller among corn removers on this planet. It means the end of "corn-burning." For hard corns, soft corns, very old corns, corns between the toes and calluses, it means a quick, certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to use as signing your name. It does away forever with tape, plasters, bandages, knives, corn-diggers, saws, files and blood-bringing razors. Ease your corns, he corns off at last. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but 2 cents. It is sold everywhere. Write to B. Lawrence & Co., Chicago, Ill.

Sold in Newark and recommended as the world's best corn remedy by T. J. Evans, W. A. Eрман and R. W. Smith.

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try It! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quartet pint of the best freckle, sunburn and tan lotion, and complexion whitener, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms, sunburn and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless. (Adv.)

A NEWARK LADY'S SKIN WAS YELLOW LIKE A PUMPKIN

Was Very Bilious, Had Indigestion, Badly Constipated, Stomach in Terrible Condition.

RELIEVED BY DRECO.

"I think all my troubles came from my liver and stomach, for since I got them all right my whole system seems better," said Mrs. Laura Dickey of 138 Hoover street, Newark, O.

"I was so bilious that my skin was very yellow, like a pumpkin, and I had indigestion. My stomach was disordered and after eating I'd feel bloated and become very nervous. My bowels were constipated and I had to take medicine nearly every night to keep them active. I had no energy, but dragged around tired and sluggish all the time.

"I have been taking Dreco now for some time and my skin has cleared up, the roughness has disappeared, my bowels act regular without the medicine used to like, never have a headache, sleep sound, and have a big appetite. No matter how much I eat, my stomach now is strong enough to digest it without having that uncomfortable feeling as formerly. I think Dreco is grand medicine and strongly recommend it to every one.

Dreco is made from the natural functions of the human body, is a health making remedy. The use of Dreco, the great herb medicine, tends to restore the appetite, to procure natural digestion. It is asserted that increased circulation and nutrition of the whole body. Lean, haggard, bloodless people begin to gain weight, strength and flesh at once by taking Dreco, as they themselves declare in signed testimonials.

Dreco is made from the juices of twelve different herbs, roots, barks and berries, which act directly on the stomach and liver, kidneys, blood and blood, and tends to relieve constipation, headaches, rheumatism, catarrh biliousness, dizzy spells, heart fluttering, gas on the stomach and other troubles. All good druggists now sell Dreco and it is highly recommended in Newark by Evans' Cut-Rate Drug Store.—Adv.

APPLY POSLAM STOP ALL WORRY OVER SICK SKIN

Discourage at once the progress of any skin disorder by spreading Poslam gently over it. If you are distressed by eczema or other itching trouble, a member of the Poslam supplies at once a soothing cooling influence to aggravated skin, that it stops the fiery itching, that it exerts concentrated healing power, working quickly and energetically to rid your skin of its evil condition. Moreover, Poslam will not, can not, injure and it takes only a little to prove its benefits.

Sold everywhere. For free sample write to: Emergency Laboratories, 243 West 47th St., New York City.

Poslam Soap is a daily treat to tender skin. Contains Poslam.—Adv.

MILLIONS IN EQUIPMENT IS GOING TO WASTE

With the American Forces in Germany, Aug. 22.—(By Mail).—How to dispose of war material worth many millions of marks is a problem confronting German military authorities. Press reports from various parts of Germany indicate that great masses of German and other war material are piling up on old drill grounds or are being sold for junk.

Illustrated papers recently published a photograph of an enormous stack of shell-damaged cannon which were to be broken up in Westphalia for the metal. Newspapers say that on the old artillery drill ground at Oldenburg there are more than 1,000 wagons and guns in various stages of disrepair. Some of the editors have been demanding that something be done at once to get old baggage wagons and other former war vehicles into the hands of the farmers who are much in need of wagons.

Article 165 of the peace treaty states that "within two months of the coming into force of the recent treaty German arms, munitions and war material, including anti-aircraft materiel, existing in Germany in excess to the quantities allowed, must be surrendered to the governments of the principal allied and associated powers," to be destroyed or rendered useless."

GERMAN RAIL RATES WILL BE INCREASED

With the American Forces in Germany, Aug. 25.—(By Mail).—German railway officials are preparing for an increase in transportation rates throughout Germany. The cause is a scarcity of coal and the lack of rolling stock, much of which has been turned over to the allies, according to the terms of peace. German railway administration officials believe that an increase of 100 per cent in the railroad rates will be necessary.

Advocate want ads bring results.

MILLIONS EARNED BY MEXICAN OIL IN FEW YEARS

Production Runs Into Millions of Barrels, Statistics Issued By Carranza Dept. of Commerce.

Mexico City, Aug. 25.—(By Mail).—The vast petroleum deposits in Mexico, veritable rivers of gold to their owners, have within the past few years attracted the attention of the world, first because their exhaustless supplies filled a demand in the commercial world which was emphasized during the war, and secondly, because of late they have formed one of the most fruitful sources of misunderstanding between the governments of Mexico and the United States.

The development of this industry by foreign capital has reached the point where dividends are declared in millions of dollars and production runs into millions of barrels.

Legislation designed by the Mexican government to divert what it terms its just share of profit into the national treasury has been met by charges of confiscation on the part of the foreign interests whose opposition has become so vigorous that President Carranza recently stated in an interview that the petroleum companies were deliberately engineering ill-feeling between the United States and Mexico.

Exploitation of petroleum in Mexico for commercial purposes is confined to the past 18 years, according to a statement recently furnished to the Associated Press by the Department of Commerce and Industry.

Exploration of the oil fields began about 1900 and has been conducted since by the Mexican Petroleum company of California, the British firm of Petroleum & Sons, the Huasteca Petroleum company, the Oil Company of Tepehuate and others.

Vessels now available to convey Mexican oil have approximately 700,000 tons capacity and are worth \$90,000,000. In addition it is estimated that the value of pipe lines is estimated at \$50,000,000 and storage depots at \$60,000,000; bringing the total of such investment to \$200,000,000. The oil system is 730 miles long and the steel tanks for the storage of oil have a capacity of 26,000,000 barrels.

Commenting upon these figures the agent says that "the Mexican oil industry has not yet equalled the American because of the lack of means of transportation and of storing which are not equal to the production of the oil fields." It is asserted that the potential production of the fields is much greater than that registered at the present time.

GERMAN NON-COMS' SCHOOL DISSOLVED

With the American Forces in Germany, Aug. 22.—(By Mail).—In connection with the winding up of the old German army it is said that the non-commissioned officers' school at Potsdam has been dissolved and the men either discharged or sent to regimental schools.

A Prussian war flag is to be sent to Berlin for preservation in a museum. Since the armistice some regiments have retained their battle flags.

German newspapers recently published reports that 150 naval battle flags had been stolen by German workmen from a great quantity assembled in Danzig and were exchanged as souvenirs with men of the British warship "Coventry," in return for cigarettes, smoking tobacco and chocolate.

BELL ON CAR SOUNDS ALARM WHEN STOLEN

London, Aug. 20.—(By Mail).—Motor car thieves were invited to attend a recent demonstration here of a device invented by a British naval engineer to check the thieves' activity. So far as known, none accepted the invitation.

The invention consists of a box containing a gong which is actuated by means of a key. The key is the slightest movement of the car will set the gong and it will continue its clamor until the car stops.

London's police have been notified of the invention and in future they will detain the driver of any car whose bell is ringing.

NEURALGIA AND HEADACHES HAVE BEEN CORRECTED

Another Indiana Woman Is Glad to Recommend Dr. Williams' Pink Pills

"My illness started from a cold," relates Mrs. A. J. Kenschaw, of No. 210 South Fourth street, Terre Haute, Indiana. "It left me with bronchial trouble and I paid little attention to it at first but my illness kept getting worse. Gradually neuralgia developed and there was a sharp, intense pain that seemed to make me short of breath. When the pain was at its worst I became very nervous and couldn't draw a long breath without pain.

"There were also frequent headaches and I worried a great deal. My sleep did not seem to refresh me and I was always tired. Nothing helped me and one day, after reading about Dr. Williams' Pink Pills, I decided to give the remedy a trial. In a few days I was convinced that the pills were helping me and continued the treatment until the pain entirely disappeared. I no longer have headaches and feel well and am able to do my work. I am no longer nervous and feel better than I have in months. I cannot speak too highly of Dr. Williams' Pink Pills."

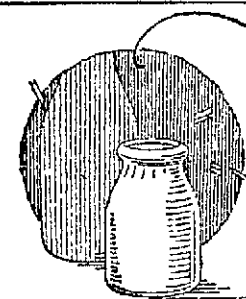

Dr. Williams' Pink Pills for Pale People are sold by your own druggist or will be sent direct by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50. Write to the Dr. Williams Medicine Co., Schenectady, N. Y., for free nerve book with a special chapter on neuralgia.

BATTLESHIP Coffee

While you enjoy the fine flavor of Battleship Coffee you can also have the satisfaction of knowing that it is roasted, blended and packed under the most sanitary conditions.

It's as clean as it's pure.

Coffee—The Perfect Drink
THE CANBY, ACH & CANBY CO.
DAYTON, OHIO

How You Can Save on Cream

INSTEAD of that expensive little bottle of cream you buy when you want "extra good" cereal or coffee, use Every Day Milk.

It looks like cream and is very much like cream.

No wonder! For out of over a quart of rich milk most of the water has been taken, leaving all the rich goodness, all the nourishment, and this is put in a bright, new tin and sterilized—safe—clean—pure—delicious.

Now all this double richness you can buy for about what a bottle of milk costs—and for about half what a tiny bottle of cream costs!

Be independent of the ice man and the milk man. Every day use Every Day—the safe and pure milk.

EVERY DAY MILK

A Woman's Message to Women:

CINCINNATI, OHIO. "When I received your generous trial treatment, I was run-down, almost a wreck, could scarcely stay up to do my work, had little interest in life, was irritable beyond control; but believe me when I say your treatment gave me relief at once, and now I feel like a new woman. The terrible pains in my side and the heavy dragging down feeling are all gone. I honestly believe I am saved from an operation. Mrs. Summers' Ointment has saved me a Godsend to suffering women. Please print this if it will lead any sufferer to recovery."

MRS. T. G. CARTER, 909 Ninth Ave., Detroit, Mich.

"Six months ago I wrote for a sample of Mrs. Summers' Ointment. I had spent hundreds of dollars seeking health, before I overcame my prejudices to advertised medicine and used your remedy. I was just at the point of having an operation, as I was in terrible shape from not having proper care after confinement. I ordered six boxes of your treatment, and today I am a well woman, can do my work and enjoy myself. Words cannot express my gratitude. Use my letter wherever you wish, as I am convinced there is nothing in the world like the Ointment Treatment." MRS. CHAS. LENTZ, 215 Sheridan Street.

Only a Woman Knows a Woman's Trials and Understands Her Need of Sympathy and Help. AUDITORIUM

"The Hoodlum"
When a pretty fifth avenue miss who speaks proper English attempts to reconcile herself for a while, at least, in a most sordid neighborhood, unusual events are destined to happen. This theme forms the basis of "The Hoodlum", the second production starring Mary Pickford produced by her in her own studios and which is now being seen at the Auditorium theatre.

"The Hoodlum" is essentially a comedy romance picturing the distress of the fashionable Amy Burke who decides to reside in the tenements in order to be with her father whose life work depends upon a successful book on sociology.

"Amy makes great friends of Dish Lowry, a tenement chap who is a past master at shooting craps, evading cops, and helping the unfortunate; old Peter Cooper, whom no one seems to know, and a struggling artist who was wrongfully sent to the penitentiary to cover up a crooked deal of Amy's rich grandfather. It is a fact however, that the artist does steal Amy's heart. How Amy adjusts family matters by almost landing herself in jail makes a fast moving comical story.

Large crowds saw this feature yesterday. It will be shown today and tomorrow.

"A Night in Honolulu"

The eruption of the volcano and the fire scene in "A Night in Honolulu," which comes to the Auditorium next Saturday, Sept. 20, is one of the most spectacular efforts of the producer for the stage in many years. This is the reproduction of the active volcano of Kilauea, which is located at the side of Mauna Loa, elevated about 4,000 feet, the summit of which is crowned by the magnificent crater called Moku-we-we.

At intervals for many years the lava has rolled down with tremendous bursts on one side or the other, to the sea coast. The eruptions of Kilauea form great fountains, spouting immense sheets of flame and smoke. The light being plainly visible from the sea for a hundred miles or so. In the year 1859 such a display occurred burning with terrific fury, throwing up its crimson lava and white hot rocks and destroying miles of valuable property. This crater, in the legends, was supposed to be the home of the goddess of the volcanoes, and when these eruptions occurred the natives feared the great wrath of this deity. In fact no one ventured within its shadow without an offering to appease the anger of this willful goddess. Young women were sometimes thrown into the crater that

H. Howe's Travel Festival, coming to the Auditorium theatre next week. The tarpon fishing pictures are probably the most remarkable ever taken of the mind's delight. A gigantic silver tipped fish weighing 185 pounds is finally caught after a strenuous battle of over two hours, by a slip of a woman weighing only 103 pounds.

"Till I Come Back to You"

That modern monarch who has inspired the love and confidence of his people as has no other ruler in this century, who has proved that a king may be democratic, and whose bravery will go down in history as comparable to few similar instances in the history of the world—Albert, King of the Belgians—is a moving figure in "Till I Come Back to You," the new C. B. De Mille Arteratt picture by Jeanie Macpherson, which will be seen at the Auditorium Thursday and Friday.

Winter Hall plays the part of the sovereign, loved by his subjects, whose retreat from his cities which were to be broken and shattered by the vandals of the modern Huns, forms one of the saddest yet most inspiring feats of modern times.

Sousa's Band

Lieut. John Philip Sousa has extended his fame from America to other continents, and Sousa's Band is now the most popular musical organization in the world. Sousa suits everybody, for reasons as different as the people themselves. He is liked by some for the snap and "go" of his concerts, and by others for the wonderful tone and finish of his band. He has the happy faculty of making the classics popular and enjoyable to the ordinary listener, and he lifts the so-called "popular" piece out of the ordinary. No grand overture is above him, and no light air is beneath his careful attention. His concert here on Sunday afternoon, Sept. 23th at the Auditorium will be replete with interesting features.

O'Brien's Minstrels

With a production particularly elaborate in matter of costumes and scenery, the Neil O'Brien Minstrels will play their annual engagement at the Auditorium theatre next week. Manager Oscar F. Hodge promises this year's offering will outtop anything heretofore presented. The program is said to be replete with novelties and new features, among which will be found no less than three new sketches his careful attention. His concert here on Sunday afternoon, Sept. 23th at the Auditorium will be replete with interesting features.

THE FAMOUS HAWAIIAN SINGERS AND PLAYERS IN "A NIGHT IN HONOLULU," AT AUDITORIUM NEXT SATURDAY AFTERNOON AND NIGHT

their friends might be looked upon favorably by Pele and her family.

Howe's Pictures

When the ordinary fisherman brings in a large trout or bass and feels proud of it he doesn't remember that there are other fish, more gamey and greater fighters, the sculpin, alone of which measure four inches in diameter. The fish referred to is the mighty, fighting tarpon, caught off the coast of Florida. To see these giants of the sea caught with rod and line is one of the many pleasures that await patrons of Lyman

funnyisms. The singing has always been a feature with this organization and again it has not been neglected as no less than twelve soloists have been engaged. The show will be a parade and hand concert as usual.

ALHAMBRA

Seggy Hyland

Peggy Hyland is in town once more, as vivacious as ever, and she had the heartiest sort of reception yesterday at the Alhambra theatre, where she appeared in the new William Fox comedy "Cheating Herself." And it's some comedy, surely.

Patience Hilton, (Miss Hyland), the daughter of a millionaire, smothered her alarm clock under her pillow when it bothers her at 5:30 in the morning. Although she is ambitious to get up early, she feels differently about it when rising time comes. In the same way when she despised wealth while she had it, but longed to have wealth back again when she was forced to scrub floors as the result of a trick which reacted on herself and smashed her theory.

Her humorous adventures with poverty are manifold, and are preceded by an exceedingly clever scene in which Peggy herself "goes a-burgling."

Charles Mortimer Peck wrote the

Keeps
Your
Stove
Shining Bright

Gives a brilliant glossy shine that does not rub off or dust off—dusts away to the iron—but lasts four times as long as any other.

Black Silk Stove Polish

is in a class by itself. It's more carefully made and made from better materials.

Try it on your parlor stove, your cookstove or your gas range. If you don't find it the best polish you ever used, your grocer or dealer is authorized to return it to you.

There's "A Shine in Every Drop"

Get a Can TODAY

scenario of "Cheating Herself." The last screenings are seen tonight.

Mabel Normand

Mabel Normand who last week at the Auditorium established a new picture record in "Mickey," will be seen at the Alhambra Friday and Saturday of this week in "The Pest," a Goldwyn feature. This is said to be a clever photoplay and no doubt the many friends Miss Normand made last week, will want to see her in this at the Alhambra.

Common Property

"Common Property," a Universal feature with Ralph Anderson as the star is seen at the Alhambra next Sunday. A comedy and other features are promised.

LYRIC

The opening performance at the Lyric theatre yesterday of "The Suffragist's Convention" by Worrell's Charlestonians was well received. The company includes Dick Hulse, the funny fat man, Jack Cronin, a capable straight leading man, "Chick" Fletcher a character man, Jack Hamilton a clever comedian, Miss Virginia Lee the lead

Two Newark couples hid themselves to Cincinnati yesterday where marriage licenses were obtained. Lawrence A. Camp of 49 1-2 South Third street obtained a license to marry Gladys Layburt, while Clyde Arnold of 12 Pound street was issued a license to marry Bertha Stevens, of Madison avenue.

HAMILTON WILL BUILD LIBRARY COSTING \$125,000
Hamilton, Sept. 16.—Hamilton is to build a new public library costing at least \$125,000 by popular subscription, the money to be raised by the Liberty loan organization, according to a movement started by the Boosters club, composed of prominent citizens.

DECLINES NOMINATION.
Yonkers, Sept. 16.—Martin Dunn, Democratic nominee for mayor, today announces his retirement from the race in favor of Mayor A. W. Craver, also a Democrat.

COUNCILMEN
(Continued From Page 1)
next year instead of 2.48 mills for this year.

A communication from the board of health was received which stated that the budget commission had reduced their levy 50 per cent and that it was necessary to provide at least \$1,500 for the operation of the office immediately and suggested that that amount be transferred from some other fund and that it be done immediately.

A communication from city manager Geo. M. Zimmerman of Sandusky, N. Y., was received from the Ohio Fuel company, who will build a plant for making oakal, was about ready to be in construction and that the plant probably would be in operation by January 1st.

A petition was presented which was signed, Bardsell, Connel and others protesting against the proposed improvement in the paving of Western avenue. It was received and filed.

A communication from Capt. A. H. Hensey was read and which protested against the deplorable condition of certain of the city streets. It was referred to the service director with the request that he take immediate action on the same.

A resolution by Baker was passed under a suspension of the rules regulating the leave of absence of members of the police and fire departments and limiting the same to three months.

An ordinance by Baker was also passed providing for the improvement of Western avenue by paving from Eighth to Eleventh streets.

An ordinance by Baker providing for changing and modifying the rights and franchises of the Ohio Electric railway company, so that it shall be permitted to charge six cents for single fares and nine tickets for 50 cents, transfers to be given when requested, was referred to the committee on streets.

M'CUAIG TO TALK ON COURTSHIP AND LOVE
The audiences that greeted Dr. J. A. McCuaig yesterday in the First Baptist church gave evidence of the interest that this magnetic speaker has created in his addresses among the people of Newark.

At 8 o'clock tonight in the same church, he will deliver the second of his popular lectures on Marriage Standards, the subject being "Courtship and Woman's Love."

"The Relation of Social Disease to Marriage" will be the subject of Mr. McCuaig's closing address to women in the same church at 3 o'clock tomorrow afternoon.

A large audience gathered at 8 o'clock last night in the First Baptist church, when Dr. McCuaig inaugurated his evening series of lectures with a discussion of the subject, "How Can a Woman be Sure That a Man's Love Will Endure?"

With unassailable logic and with a simplicity that brought his meaning within the reach of the mind of every child, Dr. McCuaig swayed his audience with a torrent of eloquence as he swept from point to point in his remarkable address.

The condition of love was defined by the lecturer as "an amiable attachment to an object, of such marked character that for the time being and to the measure of its impulse and opportunity one lives in that object."

It was pointed out that such attachment is usually developed by associations that draw upon sympathy; and that when once such amiable attachment begins to develop, it is made strong by idealization.

Such attachments may be transitory was freely admitted; and the great issue at stake in marriage was declared to be "How can one make sure that such attachment will last?"

It is obvious," the lecturer declared, "that for marriage, an amiability, superficially based, is not enough—there must be certain fundamentals of attachment if love is to endure. These fundamentals were stated to be the matters always involved in any true abiding friendship—physical affinity, temperamental aptitude and spiritual response.

Harry D. Hale will leave for Columbus this afternoon to assist in the arrangements for the state convention of the Ohio Association of Elks, being an officer of the state organization.

Registration of visitors and a reception will take place this evening and a banquet and cabaret entertainment will be provided.

Tomorrow eight delegates from this city will open headquarters at the Deshler Hotel, having a suite of rooms on the second floor. Visitors from all Ohio cities will be welcomed and will be provided with refreshments and a light lunch.

All visitors and their ladies will be the guests of the reunion committee at the grand circuit meeting in Columbus tomorrow afternoon. In the evening there will be musical work followed by a luncheon and cabaret entertainment. The ladies will be the guests of the reunion committee at a theatre party and entertained afterwards at the grill room of the Elks Home.

Thursday morning the election of officers will take place and in the afternoon a parade will be held at 2 o'clock. A delegation of over 100 Elks will leave this city in the morning and will be accompanied by the Elks of the Newark Elks have been requested to meet at the Newark headquarters in the Deshler at 1 o'clock.

KIWANIS HEAR OF BOY SCOUT WORK
Kiwans Monday night listened to L. K. Brown the Boy Scout executive, tell of his trip to Michigan. Brown attended a conference in a boys' camp that bore the name of the Elks. This camp accommodated 300 boys and had the messhall presented to it by the Kiwanis club of Flint, where the camp name Kiwanians paid for the material and put up the building themselves.

Brown said that the Boy Scouts have changed their motto from "Boys will be boys" into "Boys will be men." He will soon open a school for training of Scoutmasters and workers of various sorts. Sixty five Newark boys heard last conduct of the Licking county fair last week. Kiwanians were asked to help in the Scout program here by becoming scoutmasters.

Distinguished Showing of New Fall Fashions In Dresses

NOW is the time to see the new fall fashions in all their newness and delightful variety.

You are invited to see this first complete display which will be an important fashion event, presenting all that is correct, new and smart for fall.

It will be an easy matter to select your new frocks from so many tasteful, smart and becoming models. Every model has a touch of distinction in line, in detail of trimming or in its fashionable material and color.

Be sure to see the displays now at the height of their newness and variety.

W. H. Mazey Company

PRINCE'S COMPANIONS ARE ALL LIVE WIRES

London, Aug. 26.—(By Mail.)—Several members of the official party accompanying the Prince of Wales on his journey to the United States and Canada are already well-known to many Americans.

It is remembered in London that the pleasure of the royal visitor and that of his hosts was somewhat marred when, in 1889, the late King Edward VII, then Prince of Wales, toured the North American continent because the accompanying entourage was composed of elderly men—men too seriously mindful of the responsibility with which they had been saddled. This criticism was taken into consideration in naming the members of the party of the Prince now in America.

Lord Claud Hamilton is a fellow-officer of the Prince of Wales in the Grenadier Guards. He joined the army in 1911, serving throughout the war and was awarded the Distinguished Service Order for conspicuous gallantry at the front.

Captain the Honorable Piers Legh is one of the Prince's equestrians, a fellow-officer in the Guards, a former aide to the Duke of Connaught and a younger son of Lord Newton. The Captain is said to be endowed with much of the wit and appreciation of humor for which his father is distinguished.

Sir Godfrey Thomas is a personal friend and regimental comrade of the Prince. His mother was a daughter of Charles Oppenheim, the London banker.

ENGLAND LIFTS COTTON BAN.

Washington, Sept. 15.—Great Britain has withdrawn the prohibition on the exportation of American cotton from her domains. This was reported today by the American council in London.

WORLD WAR VETS WANT ACT AMENDED

Changes of major importance in the present war risk insurance act embodied in the Sweet bill which it is believed will influence thousands of ex-service men to continue in peace the government insurance carried during the war, will be urged upon congress by the American Legion through its state organizations and 3,500 local posts throughout the United States. In a statement issued to all the legion organizations by Henry D. Lindsley, chairman of the national executive committee, each state branch and local post will be requested to press upon its congressmen and senators the passage of this bill.

The four important amendments to

the war risk act proposed in the bill are these:

1. The payment of converted insurance at the election of the insured, in one lump sum or in 36 or more installments. This is government insurance which has been converted into straight life insurance, 20 or 30 year endowment or paid-up life insurance. Under the present law this insurance is paid in 240 monthly installments.

2. An increase in the class of beneficiaries of insurance so that uncles, aunts, nieces, nephews, brothers-in-law, sisters-in-law, and persons in loco parentis may be included as beneficiaries.

3. An increase in the basis of awards in compensation cases to \$55 for total temporary disability and \$100 for total permanent disability. The present compensation payments are based on a rate of \$30 per month for total disability, which is temporary or permanent, and are believed to be wholly inadequate.

4. An increase in the period of automatic insurance which provides that any person who entered the service prior to November 11, 1917, is automatically insured for 120 days after entrance into active service.

MOORE TOOL PLANT MAY START WED.

The Moore Tool & Die company, which has been moving to Newark and equipping the new plant in West Newark will start operation this week.

Mr. Noble, superintendent, was conferring with prospective employees at the plant Saturday, and it is expected work will begin about the middle of the week.

The company manufactures high grade tools for machine work.

NEWARK MACCABEES AT NATIONAL JUBILEE

Newark Hive, Ladies of the Maccabees, sent a delegation of members to attend the national jubilee which is being held at Port Huron, Mich. for four days beginning today.

Those who left yesterday for the meeting were Mrs. James Wolf, Mrs. Bessie Cramer, Mrs. Jennie Johns, Mrs. Bessie Peepers, Mrs. Hattie Faust, Mrs. Kate Ray, Mrs. Fred Huffman, Mrs. Elmer Wiles, Mrs. Eberly, Mrs. E. Dewar, Mrs. E. White, Mrs. Webb.

HANOVER GRANGE TO HONOR MEN IN ARMY

The meeting of Hanover grange, Thursday evening, will be a homecoming in honor of the service men. Refreshments will be served and the following program rendered:

Humorous contest, who can tell the biggest lie.
Silo filling hints, anyone.
Music.
Talks by the service men.
A summary of the world war, Rev. Howard T. Ray.
The war in tableaux.
Some present problems, Ralph Porter.

SEND RIOT GUNS TO BOSTON.
Montpelier, Vt., Sept. 14.—Four hundred riot guns and 20,000 rounds of ammunition were sent to Boston by Vermont authorities today, in compliance with a request from Massachusetts officials. The shipment was understood to be for use in the event of further disturbances in connection with the police strike.

KILLED BY TRAIN.
Middletown, Sept. 16.—Grover Gross, 25, unmarried, was instantly killed when hit by a Big Four freight train.

UNCLE SAM HAS LARGE DRY DOCK IN PEARL HARBOR

Navy Department Spends Five Millions At Hawaiian Naval Station.

FINEST EQUIPMENT TO SPEED REPAIRS ON WAR VESSELS

Harbor Has Anchorage For All Ships of America's Great Navy.

Honolulu, T. H., Aug. 16.—Dedication of the Pearl Harbor naval drydock in the presence of Secretary of the Navy Josephus Daniels, and distinguished military, naval and civilian officials, marked the completion of an important unit in a navy and army construction program designed to make this island of the Hawaiian group, Oahu, the Gibraltar of the Pacific.

The Pearl Harbor dock, work on which was begun 10 years ago, represents an investment of more than \$5,000,000. It is one of the largest naval drydocks in the world and will accommodate any warship now floating the American flag. Secretary Daniels came to Hawaii with the battleship New York and the destroyers, Chauncey, Dent, Finch and Waters, to participate in the dedicatory ceremonies. Others who assisted were Rear Admiral William B. Fletcher, commandant of the Pearl Harbor yard, and officers of the visiting warships.

Pearl Harbor, seven miles from Honolulu by railroad, has been declared by naval experts to be the finest natural naval base in the world. The entrance to the harbor from the open sea is a little more than 50 yards wide, the channel or canal, having been dredged in the shallow coral. The harbor is divided into three natural bays, or lochs, with anchorage sufficient for the entire American navy.

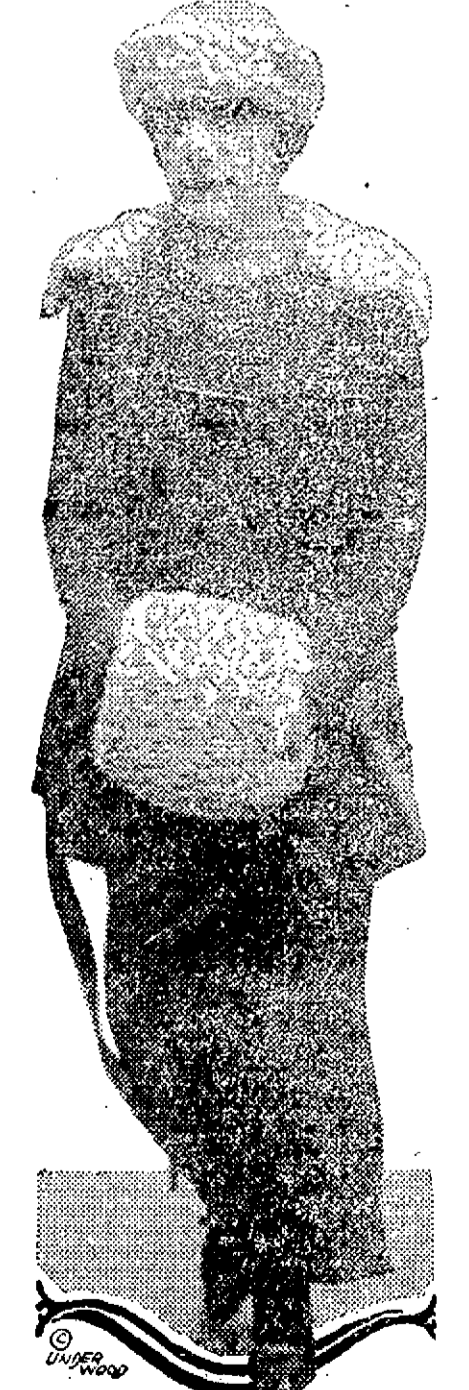

The first contract for a drydock at Pearl Harbor was awarded 10 years ago and was for \$1,750,000, the dock to be 620x50 feet much too small to take modern dreadnaughts. Dredging began in September, 1909, and a coffer dam was built in 1913.

When the coffer dam was pumped free of water, to permit of further construction work, hydrostatic pressure upheaved the entire structure and left the work of four years a mass of wreckage. Work was then suspended for two years, while engineers prepared new plans, and was resumed in January, 1915. To make a foundation that would withstand the pressure, piling was driven into the mud and concrete filled in with rows of 16 gigantic pontoons, each containing 2400 yards of concrete, were floated into position and sunk.

Concrete and granite were used in the construction of the floor and walls of the dock. It is estimated the structure contains 150,000 cubic yards of concrete. The drydock is 1029 feet long, on the inside, 190 feet wide on the floor, with receding walls, and has 35-foot sills. When a warship is floated into the dock, four 34-inch and two 15-inch electrically-driven pumps will empty the basin in two hours, permitting of unusually fast work in the handling of sea-fighters.

Surrounding the dock are railroad tracks for traveling cranes, and the large and well-equipped machinestops.

THREE PIECE SUIT TO BE MODISH FOR FALL AND WINTER

The three-piece suit will be the most popular model for the fall and coming winter season. Gray-blue silvertone fashions this suit and it is effectively trimmed with krummer. The coat when buttoned fastens up high about the neck and when open discloses a smart one-piece frock of tailored design trimmed with a narrow sheersing belt and narrow streamers. The hat is made of the same material as the suit and is trimmed with krummer to match.

For Wednesday's Selling These and Many Other BARGAINS!!

BABY FLANNELS YARD 65c.
In the table linen department—we place on sale for tomorrow's selling an extraordinary value in baby wool flannels—26 inches wide—in plain weaves—regular cream color—at yard, only **65c**

De LONG SNAP FASTENERS 3c.
These are the genuine De Long snap fasteners you read about in your magazines—choice of black or bright finish—either side right side—never rust wire spring steel—regularly at 15c a dozen—on sale in notion section at a dozen **3c**

CRASH TOWELINGS AT YARD 23c.
17 inch wide linen crash towelings—good heavy quality—splendid for roller towels—as the kind that stands hard wear—in the table linen section at yard, only **23c**

TABLE DAMASK YARD 65c.
Good heavy quality of pure bleached table damask—good line of patterns—and quality will want for kitchen table use on sale in the table linen section at yard, only **65c**

CHILDREN'S SWEATERS AT 95c.
Children's colored wool sweaters in sizes for children from 2 to 4 years of age—They will go rapidly at the price as they are just what the children need these coming autumn days at only **95c**

CHILDREN'S STOCKINGS AT PAIR 15c.
Children's black stockings—fine ribbed—fast black—hem tops—in sizes from 6 to 9 on sale tomorrow in the hosiery section—at pair only **15c**

BABY BLANKETS AT 79c.
Come in beautiful pink and blue plaids—size 30 by 40 inches—on sale in the blanket department at each tomorrow at only **79c**

NEW FALL DRESS GOODS, SILKS AND TRIMMINGS NOW ON SALE AT INTRODUCTORY PRICES.----

and boundaries of the naval base are close at hand.

One of the legends of the old Hawaiians had it that Pearl Harbor was the home of the shark god, and many grizzled heads were shaken in grim foreboding when dredges first started to excavate in the coral to provide a place for the drydock. When hydrostatic pressure wrecked the partially-completed dock in 1913 the fears of the old Hawaiians were confirmed; they knew nothing about hydrostatic pressure and remedial engineering problems but they were sure the wrath of the shark god had brought confusion and ruin to the handwork of man.

When the drydock dedicated today was nearing completion, a number of Hawaiians, one of them a foreman on the job, sacrificed a pig and a white chicken to the shark god. Some iconoclast started the rumor that the pig and

chicken made the ultimate sacrifice of their kind at a luau (native feast) instead of going to the bottom of Pearl Harbor for the shark god. But the drydock was completed in time and operates perfectly, and to many primitive mind carcasses of a pig and chicken brought immunity for it from supernatural power.

FARMERS FEAR DROUGHT.
Hamilton, Sept. 15.—It was officially announced at the office of the Miami Conservancy this afternoon that the rainfall here since August 20 has been only 14 inches. Farmers are alarmed at the effects of the drought and injury to crops is already reported.

An Australian inventor has brought out a plow for use on newly cleared land which rolls over stumps and other obstructions.

Telephone Service.

THE UNANSWERED QUESTION.

If Solicitor Ashcraft succeeds in establishing the affirmative of the technical question that he is pushing up to the supreme court, will he then advocate a return to the telephone rates in force before the tremendous rise in prices of material and labor?

This is a question that Solicitor Ashcraft has thus far refused to answer.

This company and the citizens of Newark have a right to an answer.

If he is not going to insist upon such return to pre-war rates, what is the use of his expensive legal fight? Is it because he likes to make trips to Columbus at public expense?

If he is going to compel a return to pre-war telephone rates, does he not know that a large part of the reduction must come out of the wages of the workers of the company?

Technical questions are fine for academic discussion but they are often like the story in a recent Saturday Evening Post in which it was found that a cow's horn had two ends, a little one as well as a big one. The technicality that Solicitor Ashcraft worships with the vehemence of a lawyer with his first case, has the elements of large expense to somebody.

THE NEWARK TELEPHONE COMPANY.
